## About Me

I love ketchup...a lot (but only Heinz)! I also really love Crystal Springs Baptist Camp and that is where you will find me when I'm not at the school. I grew up attending and my husband and I met on summer staff in 2017.

When presented the opportunity to be here full-time, we knew immediately that the Lord was opening doors! I'm the financial manager at CSBC and my husband is full time maintenance.

I also really enjoy gardening in my free time - from starting seeds to preserving and canning. It brings me joy!

My family is also involved with my parents farm - we own part of a hog herd and my son is excited to show hogs next year - after his debut with a goat this summer! I also spend a fair chunk of time helping my mom with her tallow business - Oma's.
