

**Larry Baggett** - Larry Baggett, aka 'Cowboy', 49, of Burnet, Texas, has been involved in racing nearly all of his life. Growing up in his native state of North Carolina, he spent his weekends going to drag races with his sister, Audrey Pope. Larry enjoyed hanging out in the pits and learning the ropes.

His family moved to Marble Falls, Texas, when he was 12, and he's been there ever since. He also loved watching NASCAR as he grew up and started going to the local asphalt tracks around the area. He made friends quickly and hooked up with a local racer who became his closest friend. Larry helped him with his car at all the races, and together they notched several wins over the years.

Larry always wore his cowboy hat at the tracks, so everyone called him 'Cowboy.' He spent 20 years as your local "Larry the Cable Guy," servicing all of Texas Hill Country and finally decided he wanted his own company. Today, he owns his own successful lawn care business known as 'By The Bay Lawn Care & Landscaping.'

He was finally able to buy his own race car in 2016, which was a Chevy Camaro for the Street Stock class on dirt. He finished a respectable eighth in points for his first year behind the wheel. In 2017, he purchased a Chevy Nova to run in same class car and finished fourth in final points.

For 2019, he purchased his first dirt truck and is very excited about competing in the new Texas Dirt Truck Series. His goal is to earn the points title for the series' inaugural year.
