### **(p) Play Areas**

The Clerk had made enquiries about the removal of rubbish on Richard Lane Park. James Warriner has offered to look at the site and make a start. On arrival it became clear that it was a very big job. James spoke to David Hopkins who agreed to remove the items that were to be collected. He also offered to provide building sacks and some man power. The fence was also rebuilt.

Following the thread regarding the fly –tipping on social media and the fact kids were using the area for a den, James had contacted the Clerk to offer to build a den from twigs and sticks in the area once cleaned. This was all done. The Parish Council would like to thank James Warriner and David Hopkins for their help in this matter and the Clerk will write to them to thank them directly.

The playground plans have been received from Timberplay and Jupiter Play. A big discussion took place regarding the plans and how best to proceed. It was suggested by Cllr Andrew and Daniels that we should chose a preferred design and show it to the public and move the project forward having been working on the project over all for over 4 years and following the recent incidents at Richard Lane and the public comments on Facebook expressing a desire for things to improve at the park as soon as possible. Cllr Angelakopoulos suggested going back to the contractors and saying areas we aren't happy with and asking for amendments to be made.

A discussion took place and it was proposed to proceed with the Jupiter play proposals and show case these at the community awards. This was proposed by Cllr Daniels, Secoded by Cllr Whittle and 6 Councillors voted in favour with one voting against.

Cllr Whittle informed the Council the lock down rock snake project requires a home and it was agreed to look at Richard Lane to house the snake.

### **(q) Footpaths and Highways**

### **(r) Toilets**

The Clerk has received an email from a member of the public requesting £300 in compensation after he tore his coat in the gents whilst using the toilets. Whilst the Parish Council is sorry to hear of this, they are not in a position to compensate someone who has used the facilities and tore their coat. We maintain and keep clean the toilets for public use and can't monitor them 24/7.

The Councillors agreed that the PC was not negligent and could not provide 24/7 monitoring of this facility.
