New Business

County Auditor Julie Anderson reviewed changes in Election Law and discussed the 2020 Census.
• Applicants for enhanced driver’s license will automatically be registered to vote;
• 16-17 year olds can preregister to vote
• Voters can register to vote on election day; they can also change their address on that day
• Former felons can vote
• There’s a “Be a Pierce County Voter” pamphlet available in multiple languages.

83% of eligible Pierce County voters are registered - we don’t have registration problem, we have a participation problem.

Census is underfunded and hiring is happening. Feds expect that 60% of population will report on-line. Reporting is important to County - loss of $2000/person/year for those not reporting. Auditor’s office will have a toolkit for organizations to use to inform their constituents and there will be a thermal map so neighborhoods can gauge the response.

• City: Ariba and no funding - Bucoda says funds should be available before end of May.

• NTNC: Discussion about Funding FAQ (All)
