Contractor Body with  
Optional equipment shown

Redi-Dek™

- Body available in lengths of 9', 10' and 12' for dual wheel application
- Standard Redi-Dek platform 1/8" steel safety treadplate welded to crossmembers with external stake pockets designed with 2" outside tie rail
- Bulkhead grid window design with tapered bulkhead for ship-through. Bulkhead lights also available
- Reading's exclusive E-Coat acrylic primer and Powder Coat on all metal body components. Resists impact, cuts, and gouges and has a refined, consistent, grain textured surface
- 2 Heavy-duty 36" underbody toolboxes and 2 steel 96" Tool-Mates™ boxes with black Powder Coat finish (96" aluminum Tool-Mates™ boxes available)
- 3" Formed steel crossmembers. 4 Full width forward of ca. and 2 full width after of ca. 4" 11 Gauge formed steel longitudinal body rails. Optional: 4" structural steel for gooseneck tow package
- Rear steel construction drop-down tailgate with holding chain and full rear light cluster drop apron. Shown with optional combination ICC and receiver tube bumper

Options

- Ball hitch hinged access door in the floor with ball hitch reinforcing - 3/8" steel mounting plate\* recessed under floor, gusseted to structural crossmembers (2-5/8" ball is included but not on DKS-SW body)
- ICC Bumper with receiver tube
- Steel and aluminum underboxes
- Four rear stake pockets and flat tie-down rail
- Bulkhead mounted stop, turn, and taillights
- Contractor Body Package: (2) 96" Tool-Mates™, sides and tailgate (photo)
- Backup alarm
- SE package consists of rear tow package, gooseneck tow package, and rear mounted stake pockets and tie rail
- Overhead Material Rack

\* Reading recommends additional mounting points, such as shear plates, with this option.  
Reading does not supply these plates
