Together as a

# Family...

A keepsake is a great way for each family member to keep their loved one close. Often keepsakes are shared with all family members and close friends to remember their loved

After choosing cremation, a family has many decisions to make. There are many ceremonial options available: choose a cemetery for a permanent resting place or create a personal memorial for placement in the home or garden. Another option is a Natural Return by burying the cremains in a special place. All can be personalized in some way to share the loved one's passions with family and friends - telling and preserving their life story.

Questions to consider in the process: Will there be a traditional viewing or a simple family gathering? What will be your loved one's final resting place?

The next few pages will help in those decisions and show many of the options available.

# Choose a Final Resting Place...

# In a Home or Garden

# Vaults ...

Monuments and urn vaults are other considerations for families that choose to bury the cremated remains. Urn vaults are an excellent way to protect your cherished loved one's urn when buried underground, and are required by most cemeteries.

# Urn Vaults p. 61

# Marker or Eile ...

Many families choose to honor their loved one with Crescent Life Portrait Porcelain Tiles and custom grave markers. These are a beautiful and long lasting way to memorialize a loved one. With markers made from solid granite, and kiln fired porcelain tiles, your loved one will be forever remembered with these timeless materials.

# Personalization...

#### There are an unlimited number of ways to honor your loved one.

RANDY KOXEAUS

Master sculptor and mold maker Randy Koufalis, has over 25 years experience in sculpting and design. He was born in Vancouver, British Columbia where he continues to reside. Randy blends old motifs and traditions with his own unique style to create both functional and decorative works of art and inspiration. He laboriously builds every mold that is used to reproduce all of our original pieces. These urns are a stunning celebration of artistry and imagination, captured in stone, timeless for all to enjoy. The concept and design process of each piece begins long before any actual sculpting takes place. "Most of our designs come from our interpretation of architectural elements found in our environment. Hours of research, both technical and historical, go into every piece we design. Initial concept sketches are compiled and modified and prototypes are completed. Using these rough 3-D models as references, we begin the creative process of turning our models into finished sculptures. Our products are completely hand made and hand painted by a very talented team of artisans. Each piece is made of actual re-constituted stone, taking great pride in making sure the quality of our products is unsurpassed."

# Jewelry Collection

Life Drints are family heirlooms that offer a physical touch to a loved ones life. They are created from two-dimensional ink prints that are then replicated onto metal. Each piece is unique and allows for a lasting connection to the ones we love.

Many families choose Life Prints or a jewelry piece from our other beautiful collections for the entire family and close friends.

### Life Print Memorial Reepsakes TM

Life Print Keepsakes are created by using a combination of traditional jewelry techniques, modern technology and your loved one's fingerprint. Offering a physical touch to a loved one's life, they are created from two-dimensional ink prints that are then replicated onto bronze, .925 sterling silver, 14k yellow gold, or 14k white gold. All of the designs can be custom engraved on the back. The Life Print Keepsakes produce a high quality family heirloom that will memorialize your loved one. Many families choose to have Life Prints made for the entire family and close friends.
