

# CINDY CHAVEZ

I'm a self-taught mixed media artist and instructor.

My love for color and rich texture inspires my art creations.

I teach art workshops, as I love to excite and inspire others to have fun, as they explore new ideas while pursuing their creative adventure!

"Star People" The Anasazi native Americans (100BC- 1300 AD) Believed that the star people came to earth to bring life, knowledge and order to the world. My propeller is an interpretation of their culture and beliefs, and their cave art that depicts these beliefs.
