APPETIZERS AND CASH BAR TO FOLLOW

Agenda: The State of Education: Change Won't Happen without Teacher Diversity

The research is clear: Educational achievement outcomes increase when Black Teachers are represented.

The record in Boston is also clear: the numbers of Black Teachers continue to dwindle in our schools.

What we know: Solutions exist to close opportunity gaps. Yet, Boston continues to fail at meeting its critical educational obligations to our students. Enough is enough. The excuses have been discredited: We must act boldly. Please stand with us as we advocate for equitable employment opportunities for our Black Teachers and equitable educational opportunities for our students. We deserve nothing less!

Let There Be No Doubt: Our Students Must Come First!

“
Teachers have three loves:
love of learning, love
of learners, and the love
of bringing the first two
loves together.
