

**Details:** Low loss iron core  
 Slotted mounting holes for fast installation  
 A full range of standard IP22 enclosures are available  
 Fully impregnated with tropic proof, anti fungus varnish

| 415V Input - 380V Output |             |              |
|--------------------------|-------------|--------------|
| VA                       | Input Volts | Output Volts |
| 5kVA                     | 415V        | 380V         |
| 10kVA                    | 415V        | 380V         |
| 15kVA                    | 415V        | 380V         |
| 20kVA                    | 415V        | 380V         |
| 30kVA                    | 415V        | 380V         |
| 40kVA                    | 415V        | 380V         |
| 50kVA                    | 415V        | 380V         |
| 60kVA                    | 415V        | 380V         |
| 75kVA                    | 415V        | 380V         |
| 100kVA                   | 415V        | 380V         |

| 415V Input - 200V Output |             |              |
|--------------------------|-------------|--------------|
| VA                       | Input Volts | Output Volts |
| 5kVA                     | 415V        | 200V         |
| 10kVA                    | 415V        | 200V         |
| 15kVA                    | 415V        | 200V         |
| 20kVA                    | 415V        | 200V         |
| 30kVA                    | 415V        | 200V         |
| 40kVA                    | 415V        | 200V         |
| 50kVA                    | 415V        | 200V         |
| 60kVA                    | 415V        | 200V         |
| 75kVA                    | 415V        | 200V         |
| 100kVA                   | 415V        | 200V         |
