

Revised, July, 2018.

Welcome to life at the lake! Sunset Lake, also known as Wash Pond, is 151 +/- acres and is approximately 1 mile long and 1/2 mile wide, lake depth in the center is about 30 to 35 feet.

The town of Hampstead maintains a beach on Sunset Lake which is open to all town residents. There is no public boat launch.

The Sunset Lake Association (SLA) was formed in 1982 to help protect our natural resource, promote education and work with local agencies who want to keep the lake beautiful and healthy for all future generations.

The SLA assists in the annual Loon population count, does periodic water testing in conjunction with UNH, boater safety education with

the NH Marine Patrol and other fun events such as a decorated Boat Parade and paddle

events. SLA is also responsible for maintaining the lake water level through monitoring the dam and weather conditions.

All of you who enjoy Sunset Lake are encouraged and invited to join the SLA. The annual dues of \$25 are small in comparison with the good work of this volunteer organization. We also offer a lifetime membership of \$200 (non-transferrable) for anyone who might be interested.

Our website www.slahampstead.org contains more information about upcoming events and informational items.

Other useful information about lake life can be found on the NH Lakes Association website www.nhlakes.org. Also remember to visit our website at www.slahampstead.org and info@slahampstead.org
