

Established 1938

FLORIDA UTILITIES COORDINATING COMMITTEE

Coordination Through Cooperation

MINUTES

November 3, 1989
Tallahassee, Florida

The fall meeting of the Florida Utilities Coordinating Committee was called to order at 8:35 A.M. by Chairman Larry Claxon with 88 in attendance.

Mr. Bill Garrett offered the Invocation and Larry Claxon led the group in the Pledge of Allegiance to the flag.

The Minutes of the summer meeting in Daytona, August 4, 1989, were read, corrected and approved.

HISTORIAN'S REPORT

Mr. Bill Garrett of the Jacksonville Electric Authority, presented the Historian's Report. Sixty years ago there was a meeting but no minutes were found. He read excerpts from 25 years ago, November 6, 1964, at the Lancer Restaurant in Leesburg, with 47 in attendance.

Chairman Larry Claxon mentioned that the Governor sent his apologies for not being able to attend the meeting. He was originally scheduled but the special legislation prevented him from attending this meeting. Also the Lieutenant Governor apologized for the same reason.

TREASURER'S REPORT

Balance carried forward from August 4, 1989	\$ 591.59
Receipts	\$ 0.00
Expenditures	\$ 0.00
Balance as of November 2, 1989	\$ 591.59

FDOT UPDATE by Paul Kaczorowski

Chairman Larry Claxon explained that Paul was tied-up with the hearings along with several other members. He said that Paul had briefed him about the status of the update to the Utilities Manual and explained to him that he had been meeting with the DUE (District Utility Engineers) and that they have been working on this manual for an update. Paul will get in touch with him and the FUCC's subcommittee that has been charged with the responsibility of reviewing this Manual.

Chairman

LARRY D. CLAXON
(813) 228-4706

Vice-Chairman

THOMAS J. DUGGAR
(904) 681-3100

Secretary

CARLOS SOLIS
(813) 462-3588

SPEAKERS

Our first speaker was Ken Morefield, DOT State Design Engineer. He had a very interesting presentation about the future trends of design and plan preparation by DOT and the interaction with utilities via CADD (Computer Aided Design and Drafting).

Our second speaker was Mr. Richard Powers, FHWA. He presented an overview of the FHWA new design requirements for roads and clear zones. He also had a video presentation of new technology related to the breakaway pole technology.

F.D.O.T. DISTRICT REPORTS

- District I Walt Childs
District Meeting held in Sarasota, September 14 with 66 in attendance. Next meeting will be in Bartow, sometime in March.
- District II Buddy Dees
District meeting held in Lake City, October 18 with 82 in attendance. Next meeting sometime in April, 1990.
- District III Tom Duggar
District meeting will probably be held sometime in December, not finalized yet.
- District IV Jim Wright
District meeting sometime in December. The Steering Committee is being restructured due to vacancies.
- District V Richard Taylor
District meeting held in July. Next meeting will be held January 30, 1990.
- District VI Jim McGetrick
District meeting rescheduled for sometime in December.
- District VII Tom Kennedy
District meeting held in St. Petersburg, September 27 with 49 in attendance.

UTILITY NOTIFICATION CENTER REPORT

Bill Stockton reported that the membership for the center will increase for the New Year. The center is handling an increased amount of calls and 70% of the calls received are to notify of work commencing within 48 hrs.

STEERING COMMITTEE REPORT

Tom Duggar - There was a very good discussion from sub-committees and interest groups. The Steering Committee heard a report from Chairman Claxon about the proposed FHWA road design course. The Committee discussed the need from the FUCC to have more involvement with city and county governments. The new Concurrency Laws passed by the Legislature are giving these local governments more flexibility and the needed resources to generate their own construction programs. This is going to create an increased workload to the utilities.

The Steering Committee has a vacancy on the Contractor's interest group and to fill this vacancy has appointed Claude E. Locke with S.T.S.

It was announced that the next meeting will be held on February 1 and 2 in Tampa at the Bay Harbor Inn. A registration fee of \$5.00 will be required at the meeting.

The May meeting will be held in St. Augustine at the Ponce de Leon Resort. The August meeting has not been finalized yet.

SUBCOMMITTEE REPORTS

Utility Accommodation Guide

Chairman Larry Claxon said that Dennis LaBelle was tied up with the hearings. He asked Tom Kennedy to brief the group about the hearings. Tom explained that the main discussion had been focused on:

- a. Items #12 and #15 of the permit form.
- b. Questioning the validity of the permit as a permit or as a contract.
- c. The rule making procedure followed by DOT at this time.

The remainder of the 26 items in discussion will be taken care of on an individual basis between the filing utilities and FDOT, without having to take time from the hearing.

There could be a new Accommodation Guide by the summer if everything goes well, but the possibilities of this happening are remote.

Fiber Optics Subcommittee

Chairman Larry Claxon stated that the Chairman of the Subcommittee, John Farkus, was not available because of his participation on these hearings.

Foreign Attachments Subcommittee

Mark Sweet - He announced the names of members of Subcommittee that were representing the different areas of interest. The major task of the Subcommittee at this time has been the administration of the pole tagging and foreign attaching tagging recommendations. They are preparing a mailing campaign for the owners of poles to identify all the foreign attachers state wide. After receiving the information, they will proceed with the allocation of shapes and colors of identification for each one of the foreign attachers. It was also explained that the tagging will be voluntary and managed by the pole owners.

One Call Center Bill Subcommittee

Jeff Rodger - Recognized all of his Committee members and thanked them for a job well done. He handed out the two different copies of the Bill, the Underground Utility Contractors' version and the FUOC version. He explained that both of them were very similar, the latest contractors' version is the one that may be filed and is basically the same as the one endorsed by this FUOC Subcommittee. The version presented is the result of compromises made by all the people involved in the reviewing process. He informed the group that the Underground Utility Contractors didn't have the intent of filing this Bill for this special session, they told him that they would rather wait for the normal session if that will make it better for everybody. He suggested every member to network with their management and to let the Subcommittee know if there were objections to it. The FUOC membership will be required to vote for endorsement at the winter meeting in Tampa.

Chairman Larry Claxon appointed a new Subcommittee called City-County Participation Sub-committee. The members will be:

Chairman: Tom Kennedy - Florida Power
Member: Jerry Butts - Pinellas County Water System
Member: Howard Goode - Jacksonville Streets and Highways
Member: Bob Perkins - City of Clearwater
Member: Carlos Solis - Pinellas County Water System

INTEREST GROUPS REPORT

Power Group

Glenn Cock - 26 in attendance.

Named additional officers Jeff Riggs, Florida Power and Light, as Vice-chairman and Tom Sanders, Orlando Utilities, as Secretary.

They had reports from:

1. Joint Use Sub-Committee
2. Utility Accommodation Guide
3. One Call Bill

Underground

Carlos Solis reporting for Rafael Perdomo - 18 in attendance.

Mark Sweet reported on the recommendations for tagging by the Foreign Attachments Subcommittee.

Old business

- a. Utility Accommodation Guide
- b. One Call Bill - Report by Jeff Rodger
- c. Utility Manual
- d. New color endorsement by AFWA for effluent treated water lines
- e. Construction engineering and inspection charges by DOT on joint projects
- f. Disposition of abandoned utilities

New Business

- a. Concerns about new DER and EPA regulations related to soils contamination by gasoline or any other organics. Concerns about the economical and legal impact these regulations will have when construction, operation and maintenance of underground facilities takes place.
- b. Concerns about the increased amount of work that is being done by cities and counties around the state due to the new concurrency plan enacted by the Legislature. Proposal to the FUCC for the creation of a subcommittee that will promote a higher degree of liaison with those governmental agencies.
- c. DOT's existing facilities removal policy for certain types of materials when reconstruction projects take place.

Telephone/Cablevision

Dick McConville - 22 in attendance.

1. They received an update on third party attachments identification guidelines
2. Reviewed current change in Utility Accommodation Guide
3. Reviewed current status on One Call Notification Bill
4. Received a report on the National Highway/Utility Conference held in Cleveland, Ohio in October with 375 registered from 43 states, Canada and Hong Kong
5. Discussed about CSX railroad right of way being sold to DOT who is leasing it to counties. The permitting procedure is in question.

Dennis Black - Paragon Cable will be the Chairman of this group for the remaining of this term.

Chairman Larry Claxon urged the group to work on the two proposed forms for the One Call Bill and be prepared to vote on it for the next meeting in Tampa. He explained that the voting will be done according to the By-Laws of the FUCC.

Dennis Black was appointed to fill the vacancy left by Rick Nowling who was representing CATV in the Steering Committee.

The meeting was adjourned by Chairman Larry Claxon at 11:50 A.M.

Respectfully Submitted,

Carlos Solis
Secretary, FUCC
