President's Letter

Hello Members,

First and foremost I would like to welcome the new members who have recently joined the PPPA.

Our board of directors is busy with many new changes being made and moving the club in new directions. Unfortunately, we have lost 2 of our founding members. Alice Mirestes who served on the board since the clubs inception as well as serving as the Webmaster. Her position was filled by Lance McGinness. We also lost Mary Ellen Barragan, another founding board member, who also served as our Membership Chair. Her position was filled by Robin Kirtley on the board and Patti Litchfield will serve as Membership Chair. We welcome them both and Thank Alice and Mary Ellen for their dedication, from the beginning, to the PPPAmerica.

I ask everyone to please enter their dogs information into the new OFA Health Survey. This survey is so important to enable us to see if a problem is arising in our breed We Thank Bud Hidley, who worked hard to make this survey a reality.

I hope all of you are planning to attend the 2016 National Specialty in Santa Rosa, CA. on August 26th. It will be such a wonderful opportunity to have the President of the Portuguese Podengo Club in Portugal, Vitor Veiga, judge our breed. We are also having a breed seminar for members to truly learn from the experts about our breed. The day after the National-August 27th, we are having a Concurrent Independent Specialty held with Mensona K.C. and being judged by Gabriela Veiga. It has been my dream since starting the club to have the two of them each judge one of our Specialties.

The Mensona KC will be holding Agility, OB, and Rally on the day of our National in case any of your participate in these venues. The following days, August 27th and 28th will be All Breed shows. This give you the opportunity, in Conformation, to show four times within those three days!! Keep an eye on our Facebook page for updates.

Since I am writing this just prior to the Westminster Kennel Club shows I want to wish everyone good luck and have a great time.

Keep showing those PPPequenos and let the dog world know what an amazing breed we have.

Your President,

Suzanne Faria

AKC Agility Invitational December 11-13, 2015 in Orlando, FL.

After 4 rounds

9th (4 clear rounds) "Tank" - MACH4 BrokenRoad Code Name Tank MXB2 MJC MXF MFB

- Mensona KC judging (start TBD) - Judge Timothy Catterson
- Departures

Please note that the Mensona Kennel Club offers - Agility, Obedience and Rally classes ALL 3 DAYS!
Please see premium list for entry details.

Our First Year in Showing in the AKC

Back in 2011, when Cabrita, our first Portuguese Podengo, joined our family, we had shown our Estrela Mountain Dogs a few times in United Kennel Club shows. But at the time we owned and operated a farm and creamery that kept us extremely busy. We showed our new Portuguese Podengo Pequeno a few times soon after she arrived, but with little time to spare for practice or shows, we soon had to put aside our hopes for her in the show ring.

Skip forward to 2015!

We now had our beautiful Cabrita and also had her lively daughter, Lisbon, and their stunning stud, David, as part of our family. We decided to attend shows again with the Pequenos. Our son Jonathan and I loaded up the car and drove to a show with our good friend, Allen. WE HAD A BLAST! Showing the Pequenos, who enjoyed the pomp and circumstance of shows, was completely different from showing the Estrelas. It was early March and we were hooked.

We had never really been a "sport" family, but now the thrill of the competition had gotten to us. We had the joy of seeing our dogs win, as well as meeting up with friends and cheering them on. No matter what Pequeno won in the ring, we found it made an exciting and enjoyable day. We met new friends, lots of new friends. We looked forward to each show. We spent many weekends in 2015 on the road.

We found showing the Pequenos also had some challenges. We had only smooth coat Pequenos at the time and not all judges had seen them before. We look forward to fixing this issue in the years to come by us and other smooth coat fanciers showing our beautiful Pequenos.

It is interesting but also challenging to own a rare breed. Even people who know dogs will stop me at shows and ask me "what breed of dog is that?" or say "Oh, that's a smooth Pequeno, I've only seen the wire coat." When I introduce my Pequenos ('pah-kenno' – small), the usual answer is "How beautiful." On the other, owning a rare breed often makes it difficult to find a major. I find the Facebook group, Where's The Major - Portuguese Podengo Pequenos, very helpful in this regard.

By the end of the year, Jonathan had advanced to the Open Junior Class. Our dogs were on the top breed list and we had the privilege to participate at Westminster. The best part though, is the time we have been spending with each other and the Pequenos, with weekend trips to dog shows around New England, the middle Atlantic states, and even as far as Atlanta. I really believe our dogs enjoy the adventure as much as we do. We've flown with them and driven hundreds of miles, stayed in a variety of hotels, and just enjoyed each show. Win or lose, we are having a blast as a family. Even my husband and our daughter, who do not enjoy being in the ring, have joined the fun. They love the outings and the time with the pups as well, they just prefer staying behind the scenes.

We look forward to meeting more friends in 2016.

~By Margaret Boisture~

Consistency – A steadfast adherence to form, type and temperament.

Health Committee

Health and Research Committee Report
Robert "Bud" Hidlay, Chair
March 1, 2016

Update from Last PIP

The OFA Health Survey went public as of January 27, 2016. As of this writing (2/15/16), information on 96 Portuguese Podengo Pequenos have been entered with only 59 from the USA. Since we entered the MISC Class in 2011 we have had 335 different Pequenos entered in AKC Shows which means about 300 of those shown have NOT been entered. We need your help:

1. We need you to enter all dogs that live or have lived (deceased) with you.
2. If you have placed Pequenos please ask the new owners to enter their dogs.
3. Remember, we are not only looking for dogs with conditions or illnesses. We need ALL dogs entered.
4. Encourage your contacts in other countries to enter their Pequenos.
5. There are some special instructions at the PPPA Health Page:

<https://www.facebook.com/PPPAHealthPage>

NOTE: You will not be asked to enter your name, the name of your dog or registration number. No one will know who has entered the dog's information as the results are cumulative by question not specific entry. You can look at the results here:

<http://www.offa.org/SurveySummary.php?b=ACD&q=ALL&s=1171>

New entries can be made here:

<http://www.offa.org/Response.php?q=1171>

Or, enter: www.offa.org then select "Surveys"; Next select "P"; then "Portuguese Podengo Pequenos"

If you have any questions please let me know: budhidlay@comcast.net

We have received the final 2008-2015 OFA Statistical Reports and have published them on our PPPA Health Facebook Page. I would like to comment on the three components of our CHIC required tests.

1. HIPS: The only failed HIPS were recorded in 2008 and they do not appear when you do a search. Since 2008 there have been 90 recorded HIP Ratings with the following results: Excellent 31; Good 55; Fair 4. It is important to take note that this rating is developed by OFA and held in the Statistical Database whether or not it is allowed to be published. This is comparable with the numbers in Finland even though they have a slightly different rating system. Of the 69 tested (combination of Smooth and Wire) there were only 6 failures and 3 of those were in the same kennel. While this is great news for us we must continue to test our breeding stock to ensure the continuation of great hip results.
2. Patellas: We have had a total of 8 out of 111 tested show signs of Patella Luxation and received Abnormal Rating. This works out to a little over 7% which is significantly different than Finland where 49 out of 343 (15%) show signs of Patella Luxation. We need to make Patella testing and reporting a focus for 2016. In Finland there is a slightly higher occurrence in Smooths than in Wires.

3. Eyes: The OFA reports show 5 dogs with Abnormal (no number issued) rating and 6 dogs identified with Breeder Option (number issued with note) rating. This report is from Nov. 2012 to the end of 2015. There were a total of 115 dogs tested with 11 identifiable eye conditions. That equates to 9.6% for this time period. Prior to this, the numbers were kept in The Blue Book published by ACVO (CERF). The percentage for the main time period there was just under 10%. The numbers in Finland are much higher with 63 out of 360 showing identifiable eye conditions for a 17% rate. Wires have a higher rate of issues than smooths by about 5%.

Just a word about the difference in reporting criteria between the US and Finland. I have added both Abnormal and Breeder Option ratings in the US information so it is in line with the Finland ratings. The ACVO (American College of Veterinary Ophthalmologists) standard is what is used in the USA and the ECVO (European College of Veterinary Ophthalmologists) standard is used in Finland. The ECVO does not have a "Breeder Option" as it sees all diagnosed eye conditions as being "Presumed Inherited Disease". Any testing done in Portugal will be under the ECVO standard.

For more information here are the links:

ACVO: www.acvo.org/new/diplomates/resources/BlueBook2014-7thEdition.pdf Beginning on Page 6 with specific PPP information on Pages 703-704.

ECVO: www.ecvo.org/component/docman/doc_download/88-definitions?Itemid=5

Remember, keep testing and send in all of the test results.

If you have any questions concerning the above information please let me know.

Sincerely,

Robert "Bud" Hidlay

THE WESTMINSTER KENNEL CLUB presents

AKC MTB Meet The Breeds®

Brought to you by

From Akitas to Xoloitzcuintlis, the sixth annual AKC Meet the Breeds® for the first time partners with the Westminster Kennel Club! This year's event continues to offer dog lovers the exciting opportunity to meet and play with more than 100 different dog breeds.

Saturday, February 14th • Pier 92 in New York City

THE WESTMINSTER KENNEL CLUB

MEET & COMPETE

AKC MEET THE BREEDS® MASTERS AGILITY CHAMPIONSHIP

PRESENTED BY 

Meet & Compete lets you interact with hundreds of dog breeds at AKC Meet the Breeds and watch some of the country's top canine athletes race the clock on a thrilling obstacle course at WKC's Masters Agility Championship!

Saturday, February 13th
 Piers 92 & 94
 in New York City

Portuguese Podengo Pequenos of America, Inc.

Bred to hunt rabbits, the Portuguese Podengo Pequeno is an ancient, small breed that has proven itself to be a wonderful companion in the home. Intelligent and curious, they are now being worked in agility, lure coursing, and rally quite successfully. This breed comes in two varieties: wire and smooth coated.

portugesepodengopequeno.org

For the last two years the PPPA has placed our club info in the Meet the Clubs section of the AKC MTB Magazine that is handed out free to people who go through the AKC Meet the Breeds at Westminster. The Meet the Clubs section had 58 clubs represented this year, which was up from last year. This magazine has wonderful articles about how to choose the best dog for your family, doing more with your dog, and Meet & Complete. The "What kind of DOG Is right for ME?" article talks about temperament types, coats and grooming needs, male vs female, puppy vs adult, health issues, and pure bred vs mixed-breeds. The "DO MORE WITH YOUR DOG!" article talks about the AKC S.T.A.R. puppy program, CGC, agility, obedience, rally, lure coursing, field trials, herding, earthdog, tracking, barn hunt and dock diving. There is so much to do with dogs now it is not only about conformation dog shows these days.

I think these magazines have great information for new people just starting out in dogs. I'm glad our club was a part of this.

-Stacy Faw

Meet and Compete – Westminster 2016

On Saturday, February 14 the Westminster Kennel Club presented the American Kennel Club's Meet the Breeds on Pier 92.

"Are they terriers?"; "Do they get along well with other dogs?"; "I never heard of these before?"; "Do they shed?"

Welcome to a Meet the Breed Booth! Meeting the public with our dogs, no matter what the breed, is exhausting but fun.

Jean Evanoff, Carol Sowders, Diane Conyers, Jonathan and I worked the crowds at the WKC Meet the Breeds. The breed had excellent exposure to the tens of thousands of people who came through. David, Jonathan's smooth Podengo Pequeno, and Ronda, Carol Sowders, young wire Podengo Pequeno did the heavy lifting. We answered questions while they greeted the public very politely each time a stranger approached. Every Pequeno should be proud of their ambassadors. They really worked hard all day showing the public what a wonderful breed they are.

Meet the Breed is an excellent opportunity for us, as a club, to introduce our breed to the general public. The crowd consisted of pet lovers and prospective new pet owners. They had a chance to meet over 100 different dog breeds and learn more about them, directly from the people who know them best, the owners and Parent club volunteers. We've participated in Meet the Breeds before but this particular Meet the Breeds was bigger than any other we've done. The crowd was massive. Despite the wide aisles at the piers you could barely walk through.

As people approached our booth you'd hear kids squeal with delight. The visitors are encouraged to interact with the dogs and the clubs are encouraged to give out information regarding the breeds history and purpose.

I'm very happy that I was able to attend and help out. I look forward to next year.

AKC Most Popular Dog Breeds

BREED	2015	2014	2013
Portuguese Podengo Pequenos	158	166	153

Of the 189 AKC breeds ranked this year the PPP came in at 158. This is back up from where we dropped to last year but still not as good as we did in 2013. I don't think it will be many years until we are even higher on this list.

-Stacy Faw
