

## Looking for a Phoenix 103 Dealer?

### Welcome to the Grass Roots Dealer Program:

Scroll through the list and see if there is anyone that lives near you or if you just want a second opinion, you can call or email them. Most of the Dealers (volunteers) are regular guys and gals that fly for fun and do not make a living from selling planes. Many are Aerolite owners that support the upgrades and workmanship that has gone into the design of the Phoenix.

When you make a Phoenix 103 purchase make sure that you list the person that referred you on the last page of your Purchase Contract. I like thank them with a little finder's fee of \$250 in cash or accessories. When you make your purchase I will make this available to you as well. It is not much but it is a nice way to say thank you for taking a little time out of your day to share your experience with our products and company and they will appreciate as well.

There are other dealers that invest more in promoting the Phoenix through their website, flight schools and they get compensated accordingly. Call to learn more.
