This agreement is between Section IV of the N.Y.S.P.H.S.A.A., Inc., and Sports Officials Organizations that service member schools.

I. Philosophy

The giving and acceptance of an officials assignment is an agreement between the individual school and the official to the extent that the official and the school will hold their original agreement unless unusual circumstances prevent the official from fulfilling his agreement or prevent the school from conducting the scheduled event.

II. This agreement established the following:

A. Fee Schedule

- 1. The fee schedule has been developed toward the services of two (2) types of officials.

 - a. Certified: An active official who has achieved National or State rating. A NAGWS official who has achieved a National, State or a Local rating with a minimum of two (2) years experience.*
 - b. Non-Certified: An official who is in training for advancement to certified status.*

*NOTE: While the Officials Coordinating Committee recognizes that non-certified officials are actually certified officials in training for active status, this terminology is only used for payment of fees for service.**
- 2. The payment of fees is reflected in a total game fee and payment will not exceed this figure.*
- 3. The number of officials are reflected for each sport at the Varsity level only. Modification of number of officials for Junior Varsity or Modified programs will be at the discretion of the home school.*
- 4. Schools or leagues requesting certified officials on contest below a Varsity level will be expected to pay the Certified fee.*

B. Full Fee

- 1. Full fee will be paid whenever the game officially starts, even though it may end short of a legal game for any reason.*

C. One and One-Half Fee

- 1. On contests assigned to two or more officials, a one and one-half fee plus mileage will be paid to the individual who is forced to work alone due to the absence of the other official(s).*

D. One-Half Fee

- 1. Official(s) will be paid a one-half fee plus mileage whenever the officials arrive but the game cannot start due to weather conditions, site conditions, or due to an error on the part of the school.*
- 2. The Officials Chapter will pay the school a one-half fee per official whenever a duly assigned official fails to report for a contest. A duly assigned official is to be considered as an official assigned by his chapter or assigner. The chapter or assigner must have been advised by the school as to the contest (site and time) 48 hours prior to contest.*

E. Double Dual Fee

- 1. Two (2) dual contest fees will be paid when two (2) separate contests between three (3) or more schools are conducted at the same site simultaneously. Mileage numeration for one (1) contest only.*

F. Sectional Fee

- 1. Referees, umpires, starters, and head judges, working Sectional contests, or League Varsity championship contests, will receive \$5.00 above the Varsity contest fee for that sport.*
- 2. All other officials, working Sectional contest or League championship contests, will receive \$2.00 above the Varsity contest fee for that sport. NOTE: In Track, clerk of the course will replace referee in number 1.*

G. Tournament Fees

- 1. Fees will be paid for tournaments as agreed by Section IV and Officials organizations of the determined sport.*

H. Travel Fee

1. Mileage to be paid \$.445 cents per mile (up to 100 miles round trip). (2017-18)
2. Mileage is from officials home to site of contest.
3. No mileage to be paid within a 10 mile radius of the officials home.
4. One car mileage allowed per contest.
5. In sectional contests, if two or more officials are assigned that are from different geographical boards, mileage will be paid to two (2) cars per contest. NOTE: In contests where officials are assigned to service both Varsity and Junior Varsity contests, mileage will be paid only once. In double dual situations, mileage will be paid only once. 7/13

III. Joint Responsibility of Leagues, Schools, and Officials Organizations

- A. The said parties agree to accept and abide by the Statement of Principals for Officiating and the Constitution of the New York State High School Officials Coordinating Federation as written in the N.Y.S.P.H.S.A.A. Handbook.
- B. Accept and abide by the provisions of the Officials Agreement as written in the N.Y.S.P.H.S.A.A. Handbook.

IV. Responsibility of League/School

- A. The League/School shall provide the sports schedule to the appropriate assigners within the following schedule:

Fall Sports: July 1
Winter Sports: October 1
Spring Sports: February 1

- B. The League/School shall notify the assigners as soon as possible when it has been determined that a contest has to be rescheduled or canceled.
- C. The home school shall be responsible to notify the assigners that a contest has been postponed due to weather conditions, temporary closing of school, unplayable site conditions, or other emergencies as judged by the school's administration. If this notification is made two hours prior to scheduled starting time of contest, the school will not be responsible for any fee or mileage charges. Failure to meet this procedure will result in the school paying the one-half fee provision.

V. Responsibility of Officials Organization

- A. To provide to the Director of the Officials Coordination Committee and the Section IV Interscholastic Sports Coordinator a roster of all officials certified for the varsity level for the upcoming sports season. The dates for this procedure will coincide with the dates that have been set for the providing of sports schedules to officials organizations.
- B. To be responsible in meeting the five (5) point program as written in the N.Y.S.P.H.S.A.A. Handbook.
- C. To provide to the Director of the OCC a confidential rating copy of all active officials.
- D. To strive to provide Section IV with a sufficient number of officials so that every contest is covered by the designated number of officials.
- E. To provide, with the roster, the individual who will accept all correspondence and will be the official representative that communicates with the OCC.
- F. Assigners:
 1. To assign the correct number and duly certified officials to athletic contests as determined by this Agreement.
 2. To notify Athletic Directors that the scheduled sports contest has been accepted either by confirmation of the contest or supplying names of officials that are assigned to the contest.
 3. To strive to assign officials to no more than one (1) contest per day.
 4. To strive to assign no official to a contest in which his/her school or school district is playing or where a conflict of interest may exist.
 5. To strive to assign officials who live or work within close proximity of each other to the same contest, so travel may be made in one vehicle, thus making it more economical for all parties involved.
 6. In the event that duly assigned officials fail to report to the assignment or the assigner fails to assign the duly number of officials, that a letter of explanation be presented to the Athletic Directors of the offended schools and the Chairman of the OCC within seven (7) days of the incident. The one-half fee to the home school and mileage to the visiting school provision will be in effect.

VI. Unacceptable Officials

- A. A school may request in writing that an official not be assigned to their contests. This request must be signed by the Varsity Coach and the Athletic Director of such school. Such requests will be honored for a two (2) year period.
- B. Should a school present an excessive number of unacceptable officials, the Officials Organization may request a meeting with the OCC to discuss the issue.

VII. Grievance

- A. Official's Organizations may at any time request a hearing before the OCC. The OCC will then decide whether the request will be heard or to direct the request to the appropriate agency.
- B. Any grievance or dispute which may arise between Section IV and Official's Organizations concerning the application, meaning or interpretation of the agreement shall be settled in accordance with the procedures outlined in the N.Y.S.P.H.S.A.A. Handbook.
- C. The goal always is to settle the disagreement at the lowest level possible in an informal and expeditious manner.
- D. It is understood that the purpose of the grievance procedure is to provide a mechanism for settling disputes about the Agreement which cannot be resolved informally between the school and the official.
- E. Either party has access to the grievance process.

VIII. Negotiations

- A. Discussions and negotiations for the Fee Schedule shall take place between a Joint-Conference of representatives from the OCC and representatives of the involved sport.
- B. Each Official's Organization may be represented by no more than two (2) members from each Official's Organization and all Official's Organizations, of that sport, must be duly represented in person or excuse the right by issuing, in writing, to the Director of the OCC, as to whom will be their official representative.
- C. The Joint-Conference will be chaired by the Director of the OCC or his designee.

SECTION IV
EXTRA-PERSON OFFICIALS CREWS

In the event that certain individual games, tournament games, league finals or section IV tournaments games require by past practice or league or section approval, the following schedule must be used. Unless it has been a past practice, any change would require league or section approval. In cases where an extra official is used for any Section IV contest the extra \$5.00 bonus would not apply. In those sectional games where the extra official is not used the Section Fee as written in the contract will apply.

GROUP 1:

Basketball (B/G) – This would require league approval for any schools that should decide to use the three man crews during league play or playoffs and sectional approval for any games played at the sectional level. In September of 2008 the Section IV Schools voted to use three (3) officials for Section IV Boys & Girls Basketball FINALS ONLY. Again because of the extra official and the added expense the \$5.00 Section Bonus would not apply when an extra official is used.
