

# Creciente Newsletter

7150 Estero Blvd., Ft. Myers Beach, FL 33931 (239) 463-9604

## PRESIDENT'S CORNER

As we head into our busy season we request that everyone do their part in helping keep Creciente looking good by picking up after yourself and making sure you are not bringing sand and water into the building lobbies.

The Board and Staff wishes you a Happy New YEAR!

*Les Remington*

January 6th, 2017

---

**Valentine's Party!**

February 10th, 2017

---

**St. Patrick's Day Party!**

March 17th, 2017

## FRIENDLY REMINDER

Please contact the office to schedule an appointment for any large items, or appliances to be picked up. **Do not place** anything on the curb until you have contacted the office. Advance Disposal comes once a week for these items.

---

The **Social Room** will remain locked at all times. If you wish to use the social room please stop in the office to sign out a key.

---

In the future, for your convenience, the **Sign Up Sheets** for Social Parties will be located in the mailrooms of each building.

# **CEASE THE GREASE**

**Fats, oils and grease, commonly known as FOG are harmful to our sewer system.**

Putting these liquids down the drain creates clogs and can lead to Sanitary Sewer Overflows. When that occurs, raw sewage can back up into your home.

**We all want to avoid this from happening.**

**To help keep the pipes clear, dispose of these greasy foods and liquids in the trash, instead of down your drain or garbage disposal:**

Meats, Butters, food scrapes, lard, sauces, dressings, dairy products, cooking oils

---

## **Drain Cleaning Recipe by Faye Lay**

Mix 1/2 cup baking soda and 1 cup white vinegar. Pour down drain. Leave for a few minutes. Add 1/2 cup lemon juice to pan of boiling water then pour down drain.
