SERVICE AGREEMENT

I. Purpose The Chateau Woods Municipal Utility District (District) is responsible for protecting the drinking water supply from contamination or pollution which could result from improper plumbing practices. The purpose of this service agreement is to notify each customer of the plumbing restrictions which are in place to provide this protection. The District enforces these restrictions to insure the public health and welfare. Each customer must sign this agreement before the District will begin services. In addition, when services to an existing connection has been suspended or terminated, the District will not re-establish services unless it has a signed copy of this agreement.

II. Plumbing Restrictions The following undesirable plumbing practices are prohibited by state regulations:

- A. No direct connection between public drinking supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air-gap or a reduced pressure-zone backflow prevention device.
- B. No cross connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone backflow prevention device.
- C. No connection which allows water to be returned to the public drinking supply is permitted.
- D. No pipe or pipe fitting which contains more than 0.25% lead may be used for the installation of repairs of plumbing at any connection which provides water for humans.
- E. No solder or flux which contains more than 0.2% lead may be used for the installation or repair of plumbing at any connection which provides water for human use.

III. Service Agreement The following are the terms of the service agreement between the Chateau Woods Municipal Utility District (The Water System) and X _____ (the customer)

- A. The District will maintain a copy of this agreement as long as the customer and/or Premises is connected to the Water System.
- B. The customer shall allow his property to be inspected for the possible cross-connections and other undesirable Plumbing practices. These inspections shall be conducted by the district or its designated agent prior to initiating service and periodically thereafter. The inspections shall be conducted during the Water Systems normal business hours.
- C. The District shall notify the Customer in writing of any cross-connections or other undesirable plumbing practices which has been identified during the initial inspection or periodic re-inspections.
- D. The Customer shall immediately correct any undesirable plumbing practices on his premises.
- E. The Customer, at his expense, properly install, test, and maintain any backflow prevention devices required by the District. Copies of all testing and maintenance records shall be provided to the Water System.

IV. Enforcement If the Customer fails to comply with the terms of the Service Agreement, the District shall, at its option, either terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the customer.
