

Online Safety Tips for AUSTIN

Always trust your instincts

If something doesn't seem right, tell a trusted adult

Use your voice for good

Show respect to others in person and online

Safety first

Sharing personal information online could be dangerous

Think before you post

Everything you post online can be made public

Internet use is a privilege and part of a well-rounded life

Be respectful, responsible, and safe

Now it's your turn

Encourage your friends and family to make good choices too
