

ADVANCED FIREARMS AND TACTICS

October 27-29, 2018

Arcadia, FL

\$300/student

This three-day program is designed to teach fundamental skill sets in complex tactical environments. From advanced live-fire weapons manipulations to deliberate search techniques, this curriculum will develop individual critical thinking and problem-solving ability for any and all law enforcement personnel that work in high-threat, high-liability environments.

*Students must provide ammo and gear. Required munitions and equipment will be sent upon registration.
