The small print!

Convoy for Heroes is a fundraising event for Help for Heroes. Photographers will be taking photos during the event and these may be used on Convoy for Heroes website and to advertise future events. In the event of a Guinness World Record attempt, video footage will be submitted on which all registration plates will be visible. No further consent will be sought for using these images.

The airfield at Long Marston is an active airfield that is available for emergency use. It will only be accessible during the Convoy and the Twilight Tour and should not be driven on at any time. The drag strip at Long Marston is not to be driven on at any time. All drivers on the site must have a current driving licence. All vehicles must have current MOT and insurance.

In the event of unforeseen circumstances causing the event to be cancelled all takings, less auditable costs, will be passed to Help for Heroes.

By signing below you agree to the above conditions for yourself and all those in your party
