

ISCS won the toss and elected to Bat, It was a good start for ICCS and able to pick ISCS openers within power play and also well restricted the flow of runs, ISCS was countering this by Pratap was trying to increase the run rate and scoring swiftly at one end and Sri was well supporting at the other end, at this time ISCS was ready to go further but ICCS took a wicket of Pratap and got the control back but again the same was well countered by another partnership between Sri and Kotti, it was well read by ICCS captain and put his best bowling pair of that day "Himself and Dipal" to break this momentum & Tanveer succeeded by taking wicket of Kotti & in very next ball he took the wicket of Robin, well judged catch from Govind at long off at this juncture ICCS was trying to restrict ISCS below "100" but Sri understood this situation well and try to take the game as deep as he can but keep on losing wickets in other end restricted ISCS to "116".

ICCS need "117" from 120 balls which is run a ball game, it was well understood by ICCS openers Avik and Tanveer, they were rotating their strikes and not giving any chance to ISCS bowlers at the end of power play ICCS were "34" runs from "6" overs & steadily moving towards the target, At the 9th over ISCS captain called up Pratap to bowl his first over and it was successful move , he picked wicket of "AVIK" and broke "50" plus runs partnership , this helped ISCS bounced back to the game and picked up next "6" wickets by giving just "7" runs from "51/1 to 57/6" but Harsh of ICCS was trying to give his best from one end but he couldn't get any support at the other end and ISCS wrapped up ICCS for "96".
