<b>Ballet/Lyrical</b>	Ballet is the technical foundation for all other dance genres and aims to create graceful visual entertainment. We emphasize technical precision, posture and alignment, style, and theory. Lyrical classes are taught as a fusion of ballet with contemporary dance techniques, emphasizing dancing with emotion.					
<b>Tap</b>	Tap dancing is concentrated in the feet and ankles with complementary action from the arms, head, and other parts of the body. Metal taps are worn on tap shoes to create percussive sound in rhythm of the dance steps performed.					
<b>Jazz/Hip-hop</b>	Jazz classes combine a variety of Modern Jazz stylistic influences with execution of various "tricks"—leaps, jumps, and turns—at the appropriate skill level of the class. Hip-hop classes emphasize controlled, isolated movements performed with high levels of energy and in a stylized manner.					
<b>Private Guitar</b>	Work one-on-one to learn guitar performance, music theory and technique.					
<b>Private Voice</b>	Work one-on-one to learn voice performance, music theory and technique.					
<b>Private Piano</b>	Work one-on-one to learn piano performance, music theory and technique.					
<b>Short Session</b>	Contains elements of genres above but is offered with a 6 week commitment in Fall, Winter, & Spring sessions. (No recital)
