Dear Mr. Rosica:

On behalf of the men and women of the Los Angeles County Sheriff's Department assigned to Communications and Fleet Management Bureau, I wish to express my sincerest gratitude for the assistance your company provided throughout the month of December 2015, which involved helping our Bureau with configuring and deploying emergency Public Safety Broadband Network communications in support of the 2016 Tournament of Roses Parade in Pasadena, California.

You assisted with configuring an electromagnetic pulse (EMP) protected trailer that would link the FirstNet Public Safety Broadband Network to High Frequency radios. It was deployed as part of a communications network restoration plan in the event of a disaster, which might disable equipment and power systems during the 2016 Rose Parade.

Your efforts were appreciated by the ground team, as well as the Tournament of Roses parade participants and viewers.

Sincerely,

JIM McDONNELL, SHERIFF
