Late Start/Twilight Hunts

In an effort to make up for lost hunts due to weather we are benefitting from daylight savings time by offering later hunt start times. On weekdays, many hunters have already utilized this option by coming out after work and hunting until dark. Hunts can start as late as 5:00—5:30pm and last until 7:30. This is a great way to take advantage of the weekday special listed above. Email or call to schedule.

Dog Training Available All Summer

We work with both flushers and pointers. Whether you have a young dog that needs introduction to birds and gunfire or you have an older dog that needs to improve his/her skills a bit we will work with you and your dog to meet your goals. Contact Karen to schedule your session.

First Duck Retriever Training June 10 & 11

In these small group sessions we start by throwing bumpers to make sure the dogs will swim in our pond. Then we will introduce the dog to retrieving ducks from the water and get them excited about water retrieving in a variety of scenarios. Finally we will simulate a duck hunt with a call & blank gun and have the dog retrieve the “downed” duck. We will have sessions for Novice dogs 9:00 AM on Sat. 6/10 as well as 9:00 AM and 1:00 PM on Sun. 6/11. For dogs that have already participated in this event we will offer an advanced session on Sat. 6/11 @ 1:00 PM. This session will include multiple and blind retrieves. The cost for a duck session will be \$80 this includes the cost of the ducks. **The dog must already be able to competently swim and should have heard gunfire.** If you need help encouraging your dog to swim contact us to schedule an introductory swimming lesson. Email Karen@pheasantvalleyfarm.com to sign up for a duck or swim session. Additional dates and times to be determined based on interest and will be announced in next newsletter or on our website.
