API Q1 Professional - 5 Days

Program Overview

The course covers the entire Q1 Body of Knowledge (BOK), including: scope; exclusion; documentation; organizational resource requirements; contract review, planning, risk management, design & development, contingency, procurement, product realization, calibration, product release, nonconformance's management of change, internal audits, management review, etc.. In addition, this course covers the objectives, intent and application of the elements and has an in-depth review of the controls and requirements associated with risk assessment and management; contingency planning; product quality plans; and management of change. The course cover the five new sections and 85 additional clauses from a manufacturing point of view.

Upon successful completion, participants will receive a certification with a unique registration number issued by WPAG and be listed in the Industry Registered Professional Network™. This is the highest course available in the petroleum, oil and gas industry for API Q1.

API Q1 Professional - 5 Days

Course Materials & Credentials

1. Participants in attendance of this course will receive the API Q1 Professional Participant Workbook.
2. Upon completion, participants will receive the professional leather bound credentials with a unique registration number and be listed in the Industry Registered Professional Network™
3. Participants that successfully complete the course requirements, will be awarded 4.0 accredited CEUs.
4. This program is recognized in all six regions and the CEUs are accepted by universities who recognize the IACET accreditation.

Unique Identification & Traceability Number

Registered Professionals of Gas • Oil • Petroleum™

Upon successful completion, participants will receive a unique Registered Professional Number (RPN). The RPN is used for identification and traceability which is audited by accreditation bodies to ensure that each person taking the program has successfully completed all of the course requirements and has been assessed during the practical application by competent and qualified instructors.

Our Commitment

WPAG is an IACET Accreditation Provider (AP) for industry training. In 2016, WPAG was selected by the IACET Award Committee as the winner of the “Exemplar Training Organization Award, IACET's most prestigious award. This award honors exemplary, results-oriented programs that have demonstrated significant and relevant impact on the populations and industries served. WPAG’s decision to become accredited to IACET was to ensure participants receive the highest level of training available in the industry.

About the Founder and CEO

Bryan Wollam

Bryan Wollam is one of the world's most respected professional in the Petroleum & Natural Gas Industry, known for his unmatched track record of success, desire for winning, partnerships, value propositions for clients, passion to improve the industry and drive to make the world a better place. He is one of the original founder of the API Q2 Specification and an accomplished professional with broad experience and recognition in operational excellence, quality, reliability, and HSE in multiple industries. He has expertise in leading organizational transformation resulting in profitability and shareholder value. He is also known as a distinguished speaker, effective communicator and trusted advisor to all segments of the Petroleum & Natural Gas Industry.

In his 22+ years in the industry, Bryan served in leadership positions for Fortune 500 companies and as CEO for Wollam Petroleum Advisory Group (WPAG), Wollam Groups and Wollam Auditing Services working with more than a hundred of the world's most successful oil and gas companies. His management techniques, professional training programs and his ability to help clients transform their quality, reliability and safety performance is unmatched. The achievements are considered epic, and as a result, state-owned, international, national oil companies and service supply organizations utilize him for training and advisory services. He sits on boards and committees for multiple trade organization to include API, IACET, and IADC.

Bryan has been defined by his zealous love of teaching and commitment to building leaders that transform organizations. WPAG has created the industry’s most coveted training programs, and he regularly teaches these programs. Wollam Groups offers executive education and management training resulting in professional certifications and CEUs through IACET. Bryan is intimately involved in every aspect of the business. As CEO, he interfaces directly with industry leaders and gets to know each client.
