Create Your Own Theme Park

Use your imagination and maths knowledge to design your very own theme park! You will be given a piece of property and a budget to work with.

You will have access to a booklet of choices and you have to decide where and if each purchase you make will fit in your theme park!

Be careful though, because there are some purchases you have to make, like toilets, bins and people to work at your park.

Theme and Name

First decide on a theme and a name for your park, write a few in the boxes below.

The Budget

Think carefully about how much you will spend on different attractions, vendors, park employees, and necessities {bathrooms, bins, pavement, etc.}

You have a total of £10,000 to build your park! Spend the money wisely and keep track of what you spend!

Use this tracking sheet {balance sheet} to keep track of your spending and how much money you have left!

Item Name	Square Units of Space	Cost	How Much I've Spent	How Much I Have Left
				£10,000.00

Item Name	Square Units of Space	Cost	How Much I've Spent	How Much I Have Left
