Hello Northside family!

We pray that you are all doing well, that you are in continuous prayer and are heeding to the government's recommendations on the various safety measures concerning the Coronavirus (COVID-19) that is going around.

Our Leadership Team has been keeping themselves informed regarding the Government's executive orders concerning large group meetings such as Bible study classes and worship services; therefore, the decision has been made to extend the official cancelation of all general assemblies and church activities until further notice. A notification will be sent each week to keep you all updated.

We are asking all members who have access to view the worship service via live stream on Sunday, March 29th at 8:00 AM. For those who are not available to watch live, the replay will be accessible for you at any time. While the assembly has been canceled, having an intimate moment with God will not be hindered.

To those who are not familiar, to access our live stream and replays of Sunday services, please go to our website, www.nscocjax.com, look for the "Let's Get Social" picture, click on the Facebook link if you have a Facebook account or click on the YouTube link (no account necessary). YouTube is not live. Please wait approximately 30 minutes after worship is over to be able to view the recording on YouTube.

For as long as we are in need to operate our gatherings as such, please stop by the Administrative Office from 8:30 AM – 4:30 PM Monday through Friday to pick up your communion cups and drop off your contributions.

Contributions may also be submitted online via our website, www.nscocjax.com, click on the "Online Giving" tab which will direct you to PayPal. Be certain to leave a note explaining how to distribute your total amount among the various ministries. Example: If your total amount is \$100, and you would like it divided among General Collection - \$60, Total Day - \$10, Bible Class - \$10, NCI - \$10, Youth - \$10, please notate it.

We have been informed of some helpful community-based information and are sharing it with you. Please pass the word or reach out to help if you know of someone who could benefit from it.
