

Hamilton Chapter

Supply Chain “Hammer” – yes, we are the “Hammer” chapter and we are trying something different to reach out to and engage our community “supply chainers”.

Do you have some time as you make your way home from work to stop at our first Pop-Up Meeting to discuss ways to nail your supply chain problems? Come talk shop – yes, we encourage it – and tell us about your supply chain successes, your failures (we’ve all had them), or your solution curiosities to get other’s feedback.
