**Dennis Franz - 'King Midas' founder loved music, life'** 🎵 🎵

[www.hutchnews.com/Obituaries/Ordinary-Life-3](http://www.hutchnews.com/Obituaries/Ordinary-Life-3)

Dennis was a founder and original member of the King Midas and the Muflers. He began playing both drums and guitar at an early age, however; influenced by the sound of early Memphis soul music and Jimmy Smith's organ, he found his calling in keyboards and studied with the famous keyboardist Mike Finnigan.

3-7-1951 ~ -9- 21-2012

Continuing as a current member of the King Midas Band as the keyboardist and a vocalist, he was still performing and touring with other groups throughout Kansas as well. It all started in 1965 and he has continuously been rocking the mid-west for forty-seven years. In 2006, 'King Midas and the Muflers' were inducted into the Kansas Music Hall of Fame, and hailed as Kansas' longest performing Rock and Roll Band. 🎵 🎵

**HHS IB program continues popularity**

As large class on cusp of graduation, students, teachers laud near-decade old system. Hutch is preparing to graduate one of its larger groups of International Baccalaureate diploma holders at the end of this year, a program which has become an established and valuable facet of HHS' educational portfolio.

The program's classes are taught by 15 teachers, who also handle a range of standard classes

So far, interest in IB only seems to keep growing. As Hutch High moves into the latter portion of its first decade offering the program, having IB in its toolkit continues to increase the amount of highly educated professionals joining the workforce to help compete in an increasingly challenging global marketplace.

**Sharing: Note Received From Bruce Swinney 8-31-12**

I have lots of relatives around lola, Ks. Recently one of our family members daughter was getting married, Actually about 3 wks ago. we decided, on the spur of the moment, to take an unplanned road trip. I might add it was well over due. Kathy and I jumped in the car and took off for Sunny (hotter than Montana) road trip. What fun it was and what a great time we had even though we were in the car lots. While in lola, I called Van Thompson. Van and Ellen invited us out for diner that evening reminiscing with them. They filled me in on a lot of our classmates and events that have happened recently. It was like "Old School Days" all over. Van and Ellen both look great. Van and I jumped into his old pick up and drove thru a field to his (way to plush) heated deer blind. Boy has he got soft-ha ha! Ellen prepared a delicious meal. It was one of the highlights of our trip, always to be remembered.

We left lola, went up to Kansas City Mo and visited Kathy's sister and her family then down to Manhattan and Wamego where we last resided in Kansas. It was great even though we just had a short time. We had lots of things on our agenda, like visiting grave yards in the dark. We have not had the opportunity to visit our family graves and our last stop was near Haven/Yoder to find Kathy's fathers grave. It took us a while in the car head lights, and a small flashlight but Kathy was able to find his tomb stone. We then went Thru the street of down town Hutchinson late at night, it was raining off and on, but so many memories Road Along with me!

We shared a lot stories, drove an incredible amount of miles in a short time and drove back to Denver to see our daughter, Sarah, and the two grand kids! I just wanted to share this moment with you. Thanks for all the hard work you and Marvin do to keep people like me informed. Give my best to every one. Bruce Swinney [bruce@swinneysells.com](mailto:bruce@swinneysells.com)
