DESCRIPTION: Great looking and performing target recurve in a lighter draw weight. The Silver Wing had a similar performance design as the White Wing and Swift Wing, but without fancy inlays and overlays. This bow is in excellent minty condition and has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. Typical "yellowing" of the limbs. A few minor scratches and nicks here and there. Decal is in very good shape. Overall, this is a really nice bow in excellent condition for its age. This bow was put to a stress test (held at full draw for 12 hours to make sure the old glues still held and no stress cracks developed.) Then taken to the range and shot. Comes with a new rug rest and original Wing brush rest, and a new 12 strand B-55 Dacron string.

This bow sold for \$70 back in the day, which translates to \$566 in 2024 inflation adjusted dollars.
