## Chief's Summary

Calls for service in 2016 were less than 2015 (153 versus 169), hopefully this is the start of a trend in reduced calls for service. 103 of our 153 calls were mutual aid calls, 101 of these calls were during weekdays between the hours of 6am and 6pm. This shows how much we, as a fire service, rely on our neighbors to provide our communities with adequate service, although this also highlights an alarming trend of decreased manpower during daytime hours with the yearly average being only 3.4 firefighters per call during these hours.

We have invested 1,917 hours in training and 1,134 hours in call response, 76 hours for public event and fire prevention. In total, the members have invested 3,597 volunteer hours in trying to make Milford and our surrounding communities a safer place. That is 150 days or five months' worth of time volunteered.

Chief Brad Munro
