## FOREWARD BY DALE LEECH

Enclosed please find the 2018 Edition of a History of Volleyball Statistics (Team & Individual) for Minneapolis High School. College/University and Professional Teams Sports Information Directors would call this type of publication a “Press Guide”. I started this effort in the early 2000’s as a cumulative effort to provide information for “talking points” during video / audio broadcasts of Minneapolis High School Basketball games for which I have participated in for 18 seasons. In other words, this was initially an effort to satisfy such questions such as “how did what we just see compare to what has occurred in the past”?

There is no claim that this document is an exhaustive compilation of statistics, but it probably is the most extensive available for the volleyball program at Minneapolis High School. Data included has been gleaned from the *MINNEAPOLIS MESSENGER*, the *SALINA JOURNAL*, other area newspapers, School Annuals and publications, and statistics provided by Coach Julie McCullick. It in no way is touted to be an infallible document, but a statement of what I believe is the best information available based on what has been published and seen by this researcher. Many times I have thought of publishing this information for the enjoyment of others, but experience has taught me that the printing and reproduction costs for such an effort on a small scale, are almost prohibitive. Thus a publication through a website became an attractive idea.

The author’s intent on releasing this information to the public via the website – “Minneapolis Kansas Sports Hall of Fame” is to share it for the enjoyment of MHS sports fans and current and former team athletes. Memories sometimes fade, but published statistics don’t. However these statistics are sometimes lost in archives or become overlooked. This publication is an intent to help keep fresh those memories and help those statistics remain known and relevant for those who care.

My intent is to update this document annually to include new team/individual performance data and the additions from further research. If anyone has information of interest that could possibly be added to this total document, please contact me by FaceBook or at my personal e-mail – [dleech@eaglecom.net](mailto:dleech@eaglecom.net)

My apologies to those who read this document who are trained historians. I don’t reference historical sources in this document other than what you see above. I determined that this effort alone would be too extensive. I do have the sources referenced in my files should someone care to question the validity of any information presented here-in.

My thanks to Head Volleyball Coach Julie McCullick for releasing her statistics data on individual players and MHS teams that are included in Section XII of this document.

A last thought. The statistics shown here-in show the “the best of times” and the “worst of times” and many points in between. Some teams have been blessed with more skilled athletes than others, larger squad numbers than others, perhaps better coaches than others, and sometimes just better luck than others, especially in the injury department. Nonetheless, the efforts of all student athletes who currently participate or those who have in the past participated are deeply appreciated. We thank you for your dedication and effort at Minneapolis High School.

## **VOLLEYBALL at MINNEAPOLIS HIGH SCHOOL – A BRIEF HISTORY**

By Dale Leech

The sport of Volleyball began in 1895 with its invention by William G. Morgan, four years after the invention of Basketball. It was originally designed to be played indoors in YMCA facilities, and was called “Mintonette” as a name adaptation from Badminton. The game was derived from a combination of the principals of basketball, baseball, tennis and handball. Within a year, observers began referring to it with the two words Volley & Ball. The game began to be played outside the U.S. within 10 years. Year round Volleyball training began in the U.S. for Olympic competition in 1975 for women and in 1977 for men. Collegiate National Championships began in 1981. In the midst of this national evolution of the game, in 1971 the Kansas State High School Activities Association began hosting State Championship Tournaments for Volleyball in in 5 Classifications.

At MHS, Volleyball became the 3<sup>rd</sup> girls sport to be approved for competition, after Track & Field and then Basketball. With the dissolution of the Northern Kansas League after 1975, MHS joined the other schools that formed the new North Central Kansas Activities Association in 1976 by having mutual competition in the sport. Forty-seven girls welcomed the new sport at MHS that season. NCAA league competition for Volleyball was first contested in Quadrangular contests, and a league tournament in Salina concluded the regular season prior to Regionals post season action. League competition went to a Dual format in 1977 to determine a league champion and no league tournament format was retained. MHS won their first Volleyball league championship (NCAA) in 1979, splitting with Lindsborg.

The Lady Lions’ first outright league championship followed in 1980 and the Lady Lions topped off that season with both 3A SubState and State Championships. This was the first State Championship won by an MHS athletics squad other than in single and two person competitions.

The program has continued through 43 consecutive seasons in three leagues. Eight head coaches have guided the program with alumnus Julie McCullick successfully guiding the program since 1992.

MHS Volleyball squads have won 10 League Championships and played in 5 State Tournaments, resulting in 1 State Championship and two 3<sup>rd</sup> place finishes. Coach McCullick was a member of the State Championship squad in 1980. Her squads at MHS have won 551 matches in 27 seasons for a success rate of 60.9%. Her teams have won eight of the ten league championships in school history and are regularly found to be in the top half of the league standings. Coach McCullick will become the longest tenured active coach in MHS history in the 2019 season.

Overall in the 43 year history of the program, the Lady Lions have won 789 matches for a 60.5% success rate.

MHS Volleyball has participated in 3 leagues, the North Central Activities Association (NCAA), the Central Kansas League (CKL) and the 2<sup>nd</sup> NCAA.

KSHSAA competition levels for MHS Girls basketball has been in the Classes “AAA”, “AAAA” & “AA”.

Only two other league schools in the three leagues that MHS has competed in have won a State Championship besides Minneapolis. Ellsworth won in 1985 and Sacred Heart has won in 1979, 2000 and 2004. One or another of our league schools often contends for SubState championships so our league competition is well respected in Kansas and the Lady Lions have also earned that respect over the decades.
