REMARKS (Include approximate date of availability, if known)

Although I attended the jet qualification course in 1954, I was unable to maintain proficiency thereafter due to non-availability of jet aircraft. My situation now is such that proficiency can be maintained after completion of the course.

I am available for this course immediately, and request attendance as soon as possible. If I can complete the course prior to 12 June (starting date not later than 27 April) it will be in the best interest of the office to which I am now assigned. If attendance can not be arranged which will permit completion prior to 12 June 1959, I will, of course, attend at any other available time.
