Special Edition February 2015

[www.wyomingmuzzleloaders.com](http://www.wyomingmuzzleloaders.com)

Happy New Year!

At the time of preparing this special edition of the newsletter, I am missing the January thaw outside. I hope it lasts through the weekend so I can enjoy some of it.

This is a special edition of the newsletter so that we can inform you of all of the great events that are planned this year. In addition, I wanted to post the minutes of our meetings and introduce to you our new board members.

Please welcome Katie Schade, and Bruce Schwint as new members of the board. Melissa Connely and Ed Kern were re-elected. Katie is our new secretary and will take over from Melissa. Melissa (that's me if you didn't catch on..) is still in charge of the newsletter.

Bill Morrison has been elected as our treasurer and Paula continues as our president.

I hope all of you will consider being a board member sometime in the future. It is a great honor to work with such great individuals and you learn a lot about your WSMLA.

We will miss Toni and Mike as they step down from the board. We appreciate their hard work and dedication over the years. If you see them, give them a great big thanks!

See you at the winter challenge!

Melissa

# DEER CREEK'S GEORGE WALKER WINTER CHALLENGE

February 13, 14, 15 2015

Hear Ye! Hear Ye! Attention Muzzle loading Clubs and Individual shooters: The Deer Creek Muzzle Loaders challenge you to form your best teams of men and women and join us in a fun weekend match. Enjoy a late winter muzzle-loading shoot! Shake that case of cabin fever and dust off your muzzle-loading rifle and come over to the Arnold Ranch near Glenrock. If you are an individual shooter or are short of having a full team, we will sign you up and make up teams as they sign up. If you are a couple bricks short of a load, one of our DCML teams may just whoop up on ya! This is why we call it the Winter Challenge Shoot. Men's teams are to be composed of 5 men; Women's teams are to be composed of 3 women. Women may shoot on a men's team but not vice versa even if a kilt is worn. This is a WSMLA sanctioned shoot. Each shooter must be a member of the WSMLA. You can join or pay your 2015 dues at this shoot.

**Matches & Entry fees:** The entry fee per shooter is \$20. This will include a target packet of ten targets. A lunch will be available to shooters Sat & Sun and is included in the entry fee. Medallions will be awarded to the top three men's and women's teams, and plaques for men, women, and senior individual high scorers. So challenge yourself and try to best the records for individual aggregate and team aggregate scores. The DCML range offers challenging matches at 25, 50, 100 and 200 yards. You must use a traditional muzzle loading, hunting type rifle with open sights and use black powder or substitute and a patched round ball. No underhammer or in line actions or black powder cartridge rifles. NMLRA scoring rules apply. Again this year: You can re-enter ONE of your ten targets for \$5. 100% of the proceeds will go to WSMLA. On Sunday, if there is interest, there will also be at least one re-entry match available.

**Camping:** The DCML Range on the old Arnold Ranch offers fine primitive and modern camping areas in the cottonwoods. Wood is provided but you will need to bring your own water. Dogs ARE allowed in camp but must be on leash, in control of an adult and kept a safe distance from the range. No horses. Come have a winter rendezvous and burn some powder with us.

Juniper thought it would be fun to light a fire under Jim Archibald about some of the old history about the Wyoming State Muzzle Loading Association and the early members. Arch took the challenge and came up with some of the early facts. Of course, he needed to consult with some others in the know, but he did a great job. Many thanks, Jim, for your hard work!

### **How many of the members know the WHY, WHO, WHEN, and WHERE of the creation of the Wyoming State Muzzle Loading Association?**

To answer this question I have gathered the following information from older members, prior members, and my own knowledge. If any of you have corrections to make in my narrative, or wish to comment on this information your input will be appreciated, and corrections and comments will be placed in future newsletters.

There always have been those who like the old muzzle loading rifles. In Wyoming our history of the fur trade and exploration, and the firearms and equipment was fascinating to individuals and groups. As time passed local shooting clubs formed and competed between each other.

For the inaugural of Lyndon Johnson in 1965, the Riverton muzzle loader club members dressed the "Mountain Man" clothing of the fur trade era and bearing muzzle loading rifles of that time period as well as tribal members from the Wind River Reservation in their native dress, performed in the inaugural parade. I understand that the late Travis Bennett was one of the driving forces responsible for getting the group in the parade. People who saw the Wyoming participants in the parade became aware of the existence of our groups and membership in the clubs increased.

The members of those clubs decided to hold a state meeting of all interested member to discuss closer cooperation between the clubs and how to interest others in our sport. There was at least one meeting held in the Natrona County Library in Casper, Wyoming. This took place in about 1974 or 1975. I understand that it was about that time that 13 people decided to create the WSMMLA. These 13 founding members are listed on the outer edges of our organization logo. The WHY of our organization is stated in the preamble of our association By-Laws. We wish to encourage the sport of muzzle loading firearms.

In about 1978-1979 it was decided to hold an association convention. Since Casper was centrally located the first convention was held at the Eagles Hall. There was one and possibly two conventions held at the Eagles Hall before it was decided to find a more spacious and convenient convention location. The local motels were contacted for bids and the old Holiday Inn on the River won the bid and was the convention location for about 20 years. Then the Parkway Plaza, across the highway, won the bid. And we have had our convention at that location since that time.

There were other activities going on in Wyoming within the clubs of the organization. The "Buck Skinners" had existed before the organization was created. It was a fun activity connected to the sport of muzzle loading, as well as an appreciation of western history. People became aware of the Museum of the Fur Trade in Chadron, Nebraska, and living history groups in the surrounding states. The members also became aware of the NMLRA.

In the 1970's a "Rendezvous" was held in the Big Horn Mountains near Buffalo, Wyoming. I understand that members of the Buffalo, Wyoming club brought about this event. In 1980, I think it was, the first Wyoming NMLRA sanctioned Mountain man Rendezvous was held on Dry Cottonwood Creek, east of Wilson, Wyoming. The "Booshway" of that rendezvous was Jim O'Meara, and Ken Luck was "Segundo, second in command so to speak". This writer attended and it was a whole bunch of fun.

In regard to NMLRA, some bar owners in Wyoming found that by becoming NMLRA sanctioned “clubs” they could stay open later as a private club, hence more income. So they became “private clubs.” I understand they had to have scheduled shoots, so the bar owners simply advertised that they were going to have a shoot, in fine print and hidden in the advertisement pages, and forget about it. Travis Bennett told me he saw one of those ads thought he’d go. Packed up and drove quite a few miles to a distant town, and found a bar. I guess the bartender thought it was quite funny. Travis did not think it was funny, and notified the NMLRA or A.J. White, who I think was the NMLRA representative in Wyoming the time. NMLRA put a halt to that funny business.

That, my friends, is about the extent of my knowledge of the outline of the creation of our organization. There are a whole lot of stories and funny happenings that surround our grand sport but that would entail writing a book.

Jim Archibald.
