Wattle Tree Family Day Care Services.

We offer affordable, high standard Home Based Care in the South Eastern Suburbs of Victoria. Qualified Early Childhood Educators holding a minimum Certificate III in Children's Services.

... And we have started another new Calendar Year, we here at Wattle Tree FDC wish you and your families a year of happiness, prosperity, good health and everything else your heart desire.

Most families are on holidays this part of the year, enjoying being together without the stress of going to work, or the children attending to school, day care and all the other extra curricular activities their families organise for them through the year. So, time to relax and enjoy it!

At the office, we are focussing on catching up with the latest news regarding the children's services sector and reviewing some of the most used forms for both, parents and educators. Also, trying to put together an info-pack, that we hope will answer most of the questions asked by new applicants and whether possible speed the process up a bit.

We have been approached by some organisations offering a number of training opportunities for staff and educators and as well as some support with service management and marketing, etc. These people, has been the one keeping us busy, on the phone, or they just rock up in the office, and send us an unbelievable amount of emails. It appears that they all have the magic solution to everything, funny thing that when we ask specific questions in regard to the family day care business they would not reply until we book them in, make a deposit and so on. Please everyone, be assured that at Wattle Tree FDC we know what we are doing, where we want to get to, and how are we going to get there. If we need consultants/trainers we will do our research first.

Just as a reminder. **Please, never leave children alone in cars no even for a "minute", temperature can be 20 to 30 degrees hotter than outside. Offer the children plenty of water to drink, at all times.**

This is a good time to catch up with some updating around the family day care environment as most of the children are away, updating books, posters and any other resources, please call the office if you need any help, we are here to support you.

“Lets enjoy the warmth of the holiday season, water play, lots of outdoor play (shady areas not to be forgotten). Slip, slop, slap everyone!

We acknowledge that we are on the traditional land of the Bunurong and Wurundjeri People and pay respect to all elders past and present.

Wattle Tree FDC is committed to a Sustainable Environment for our children please consider the environment before printing this Newsletter.
