Missionary Moments

Morning: New Worship

[Sub-Saharan Africa] during a Story Together event in West Africa, Christian workers trained local believers to craft Bible stories in their language. These oral stories are the only Scriptures the people group has in their mother tongue. IMB ethnomusicologist QUINN MCCLINTOCK* also trained the group to create a worship song in their language. "They claim that all of their songs—even cultural songs—are borrowed from other cultures," Quinn said. "If this is true, then...their first [original] song is in praise of God!" Your gifts through the Cooperative Program help Quinn and others equip local believers to study scripture and worship the Father in their own language and cultural tradition.

Evening: Called to Reach 'Good People' With the Gospel

[Nebraska] CRAIG LISCOM serves as a church planting catalyst in Omaha, Neb., where he and his wife, ELIZABETH, seek to take the gospel across the street and around the world. The couple's primary mission field is in the eastern Nebraska, which is a uniquely Midwestern ministry context. Many in the region consider themselves "good" people but don't have a life-giving relationship with Jesus. The Liscoms thank you for your financial gifts given through the Cooperative Program. They also ask you to pray that the Lord would help them find prayer and financial partners for the newly formed Nebraska Church Planting Network.
