We are of course also interested in any supplementary disposable inventory that might be available for purchase with the equipment listed above.

If you or a client have surgical inventory not described on this flyer that you or they are interested in selling, please let us know. With over 25 years in the Healthcare "space", we have the contacts to purchase your inventory.

*DISCLAIMER: All disposable products must have at least 1 year shelf life remaining and packaging must be pristine.

*DISCLAIMER: OEM equipment only, with complete serial numbers. Non-working items or items without serial numbers will be rejected and returned.
