THANK YOU

In the blink of an eye your life changes! We are so thankful for the First Responders, the Ambulance crew, Life Flight, Essentia Health ER, ICU, and Polinsky Rehabilitation. We want to thank everyone for all the help, prayers, donations of money, visits, calls, texts, hugs and support these past months. It's been a long, hard journey and we are thankful, humbled and overwhelmed with all the outpouring of Love & Support from our wonderful family, friends & community. We could not ask for greater family & friends who worked so hard on our roof, driveway, the ramp, and our house getting it ready for Doug to come home We are truly blessed and cannot thank everyone enough! Keep your prayers coming. Doug is getting stronger every day.

Love, Doug & Lori Lillback

LETTER TO THE EDITOR

To The Editor After seeing numerous presentations, plaudits, articles, recent mailers, and TV ads from candidates of both major political parties, one thing stood out for me. Far too many of Donald Trump's claims, since he took office, have been thoroughly fact checked, and subsequently found to include more than 20,000 outright lies and distortions of the truth. Almost no one in the Republican Congressional caucus has stood up to take honest issue with any of Trump's false and outrageous claims. As the days continue to pass, it hasn't taken me long to determine the direction my voting inclinations will take, if for nothing more than the futures of my children, grandchildren and the Nation I love. I remain eternally grateful for the efforts of my father, and his father before him, fighting in wars to preserve the sometimes imperfect concepts of honesty, decency and honorable intent woven into the fabric of the foundation of the country they risked their lives for.

Respectfully, Mark Broin, Two Harbors, MN

Dear Editor,

This is in regards to the Letter to the Editor in the 9/4/2020 issue. It's implied but not stated that black women's reproductive health is distinct from the Black Lives Matter movement. This is, simply, a category mistake.

The author then goes on to moralize based on statistics. You can't get an ought from an is. Unless he were to show that Roe v. Wade was illegal he's simply making a personal value judgement of a 47 year old law.
