

Stone Water Quarries

*Natural Stone Thin Veneer
from
California Quarried Stones*

We Are Green

Calistoga Woodland Basalt

The colors of Calistoga Woodland Basalt range from black to green with occasional highlights of brown and white. The occasional mineralization gives the appearance of lichens.

The Calistoga Woodland Basalt full size wallstone is available in baskets with individual pieces ranging from head to double size.

Carneros Fog Ledgestone

The Carneros Fog Ledgestone features a soft gray color with highlights ranging from creams to light browns. This veneer is available in random heights and lengths.

The Carneros Fog Ledgestone full size wallstone is available in baskets, individual pieces have a 4" bed depth with random heights and lengths.

Chardonnay Wallstone

The Chardonnay Thin Veneer features soft colors ranging from creams to browns. This Veneer is available in the natural random shapes or in cut random size rectangle and squares.

Chardonnay Wallstone Full Size

The Chardonnay full size wallstone is available in baskets with individual pieces having a 3" - 6" bed depth and a head to double head size.

Lodi Cobble

The Lodi Cobble Thin Veneer features colors ranging from soft browns and tans to subtle reds and oranges.

Merlot Wallstone

The Merlot Thin Veneer features beautiful warm colors that range from reds and oranges to yellows and blues.

Merlot Full Size Wallstone

The Merlot full size wallstone is available in baskets with pieces ranging head to double head in size.

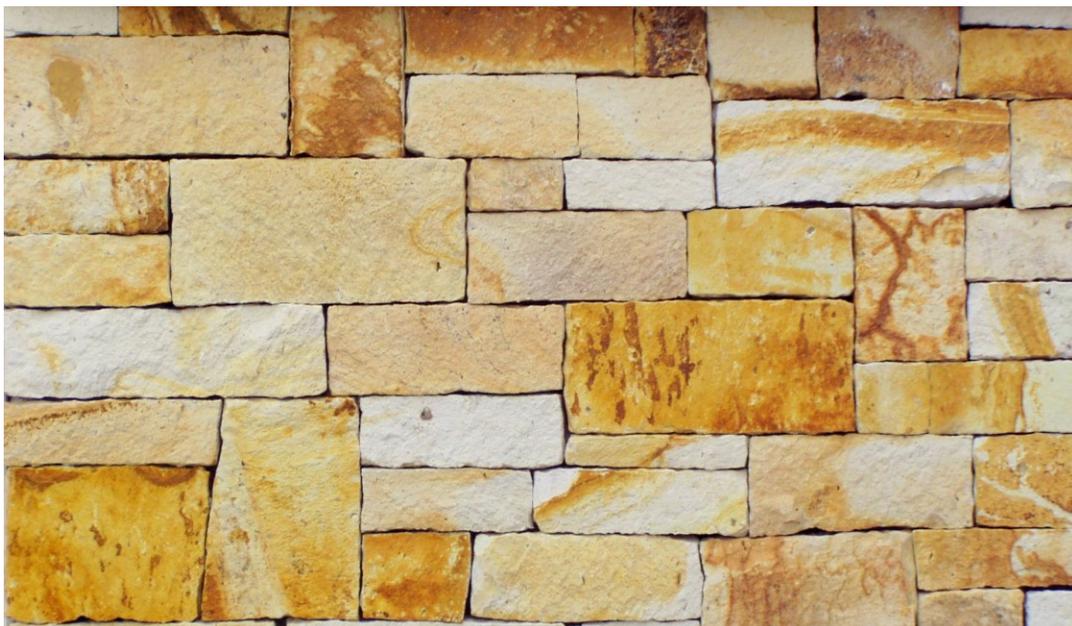

Napa Fieldstone Thin Veneer

The Napa Fieldstone features brownish red colors along with the colors associated with lichens and moss.

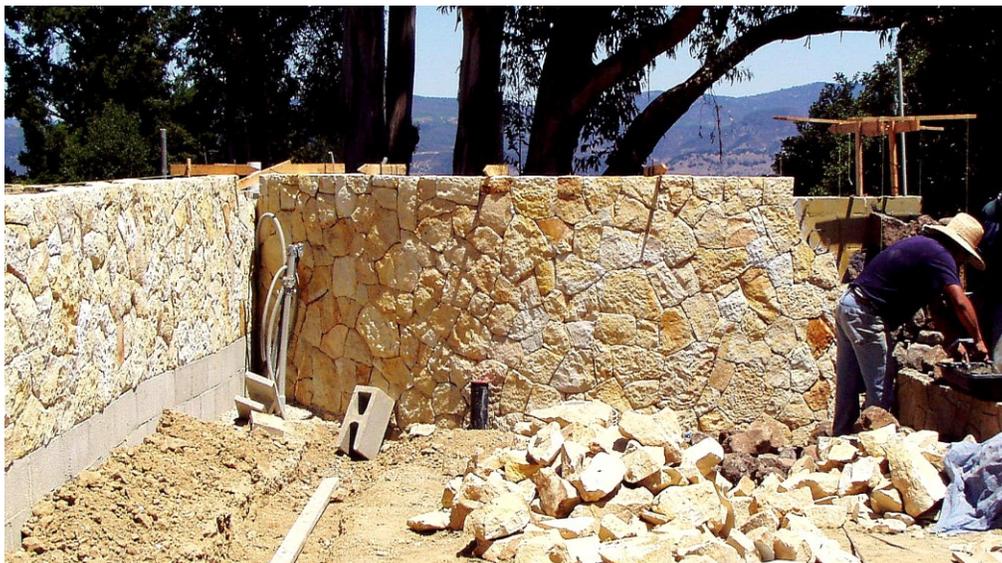

Napa Rhyolite Thin Veneer

The Napa Rhyolite is a truly unique and beautiful stone, featuring colors that range from yellows and creams to rusty browns. This veneer is available in the natural random shape or in cut random size rectangles and squares.

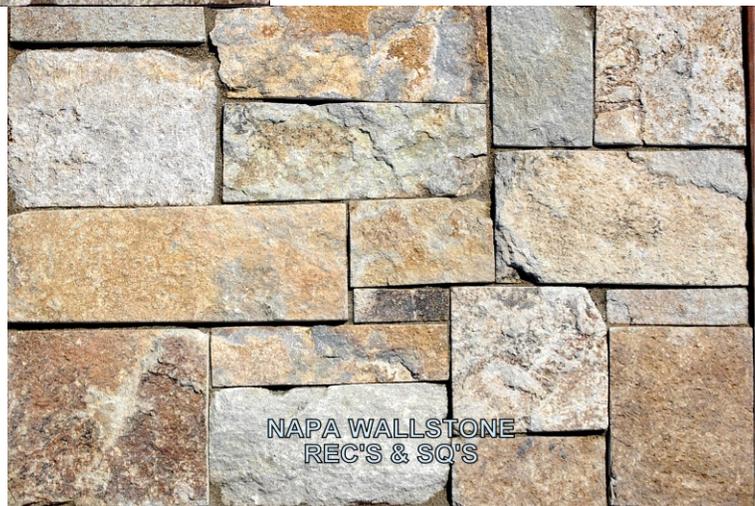

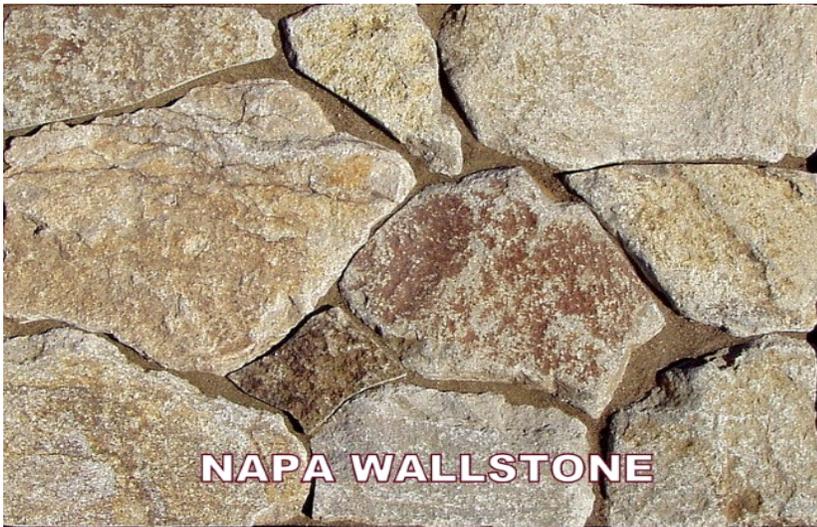

Napa Rhyolite Wallstone

The Napa Rhyolite full size wallstone is available in baskets with pieces ranging in size from head to double head size.

Napa Wallstone

Napa Wallstone features earthtone colors that range from soft tans and browns through rusty tones and grays. The thin veneers we produce include the natural random shape, cut rectangles and squares and ledgerstone.

Oakville Ledge Fullsize Wallstone

The Oakville Ledge is another unique California Quarried stone. The stone has the appearance of petrified wood and the coloring of cedar.

Rutherford Stack Stone

The Rutherford Stack Stone is another unique California Quarried stone featuring colors ranging from dark grays and greens and highlights of browns and white.

Rutherford Stacked Stone

Sacramento Cobble

The Sacramento Cobble features colors ranging from light gray to dark gray with highlight pieces of tans and white.
