YOUR LOCAL DEALER

Seawall or Dock Boarding Steps

Don't let a rocky shoreline prevent you from getting into the water. Position steps against a dock or sea-wall and step into the water. Easier for pets and seniors than trying to climb a ladder.

One handrail standard.
Additional handrail \$65

Steps are 35" wide x 11" deep with a 350 lb. capacity per step. Steps are 7" apart and embossed non-skid aluminum impervious to water.

- 21" top step SW-3 **Three Step** w/handrail **\$365**
 - 28" top step SW-4 **Four Step** w/handrail **\$465**
 - 35" top step SW-5 **Five Step** w/handrail **\$565**
 - 42" top step SW-6 **Six Step** w/handrail **\$665**
- *Extra Handrail is available for \$70*

Non-skid tread

Aluminum frame & steps, Stainless Steel hardware.

Water shoes are generally recommended with the Sea Wall steps. There can be sharp edges.

PMI's Premium Adjustable Depth Dock Steps

Can be bolted to the dock or free standing with optional back legs

Dock mounting brackets come standard

Optional Back Legs

36" wide, 10" deep steps with flow-thru non-skid tread that prevents algae build up on steps. No sharp edges to hurt feet: one handrail standard with each set of steps. Mount to a dock or sea wall or purchase optional rear legs for free standing application. **350 lb. capacity**

- MD-3 **3 Step** adjusts 21" to 29" **\$725***
- MD-4 **4 Step** adjusts 28" to 36" **\$850***
- MD-5 **5 Step** adjusts 35" to 43" **\$975***
- MD-6 **6 Step** adjusts 42" to 50" **\$1100***

** Mounted to Dock, for free standing add back leg kit.*

- Extra Handrail (one is standard) **\$120** 3 step
 - Extra Handrail (one is standard) **\$130** 4 step
 - Extra Handrail (one is Standard) **\$140** 5 step
 - Extra Handrail (one is standard) **\$150** 6 step
 - 3 Step Back Legs for free standing use **\$60** 3 step
 - 4-6 Step Back Legs for free standing use **\$155** 4-6 step
- Back legs with 4-6 steps include a back X brace for extra strength.**

Flow-thru tread helps prevent algae build up.

PMI's Articulating Dock & Seawall Steps

36" wide articulating steps come standard with two handrails. Made from 100% aluminum will not rust. Articulating steps adjust by moving in and out, the taller the step goes the higher the spacing is between steps. Mounts to the dock or seawall with an aluminum L piece of aluminum. Has foot pads to prevent steps from sinking into the sand or muck. Front legs can adjust as well for a fully customizable dock step.

- Five Step (ART-5), articulates 24" to 48" in height \$750**
- Seven Step (ART-7), articulates 32" to 66" in height \$950**

Heavy Duty Straight Dock Ladders, Welded Aluminum Frame

4 Step (ADLA4W) \$250

Extends 51" below the dock.

5 Step (ADLA5W) \$275

Extends 63" below the dock.

Steps are welded for maximum strength

Large steps allow for comfortable climbing, no more trying to climb small steps meant for kids that hurt your feet. Steps are welded on the Straight Dock ladders offering superior strength for a ladder that adults can actually climb.

Mounts to the dock through holes in the handrail

2" round welded dock ladders. Large handrails help swimmers to pull themselves from the water. 4" deep x 19" wide embossed non-skid steps.

Rated to 500 lb. capacity

FIXED FRAME PONTOON/DOCK LADDERS

1" fluted square aluminum tube with satin finish anodized frame. Large, wide steps.

3 Step Shown

3 Step (AL-A3) \$145

Extends 36" below the deck.

Ideal for shallow water.

4 Step (AL-A4) \$170

Extends 46" below the deck.

5 Step (AL-A5) \$195

Extends 56" below the deck

Reinforced top frame supports all swimmers.

Ladder goes out at an angle. Easier to climb.

Large 16" wide x 5 1/2" deep steps. *Easy on bare feet.*
Reinforced top for strength, 400 lb. capacity.

Mounts w/ LAKs
Ladder Attachment Kits standard with new ladders.

Optional (extra) attachment kits for Dock/Pontoon Ladders

Ladder Attachment Kit \$10

Buy an extra kit for use on the dock and pontoon.

Backer Plates included in kit

Heavy Duty Ladder Kit \$24.95

For commercial use or when LAKs won't work.

Galvanized steel

Ladder Storage Clips \$9.95

Mounts to fence rail, allows for easy storage

Pontoon 5 Step Under-Deck Ladder (AL-UDL5) \$259

Five step Under-Deck ladder extends 59" below the deck. Rated to 300 lbs. Conveniently stows under the pontoon deck when not in use. When deployed it pulls out at an angle for easy climbing. Bolts to the cross members under the deck.

48" Securely holds ladder when folded up.

Heavy Duty Folding & Telescoping Stainless Steel 4 Step Ladder \$309

1 1/2" round tube frame, folds out of the way on pontoons. Four large telescoping steps, extends deep into the water (48"), and steps are 13 1/2" wide. This is the same ladder used on new pontoon boats. Use on your pontoon or on your dock. **Rated to 400lb Capacity.**

Ideal for Stern Entry Ladder

5 year warranty

Steps are welded stainless steel covered with plastic to be safe on bare feet

Steps are 13 1/2" wide Easy on bare feet

44"

Economy Folding & Telescoping Stainless Steel 5 Step Ladder \$239

1 1/4" round tube frame. Folds to 10" deep (out of the way on pontoons). Five telescoping steps, extends deep into the water (44"), and steps are 12" wide.

Heavy Duty permanent mount installs almost anywhere.

Rated to 250 lb capacity.

This ladder is standard equipment on several brands of new pontoon boats. Use it to replace old damaged aluminum ladders or on a dock or swim float where you want a strong ladder that folds out of the water.

MODULAR FLOATING DOCK by Wave Armor

Foam Filled, Virtually Indestructible, with Practically No Maintenance.

With floating dock, stability is the most important factor. If you can't walk on the dock without it feeling wobbly, nothing else matters. Wave Armors Dock is 5' wide with suction pockets molded in to the bottom of the float. Simply put Wave Armor dock is the most stable floating dock available today. It sits low in the water (16") for stability and it's foam filled so no matter what happens, it still floats. With endless connection kits and accessories available Wave Armor dock has endless possibilities. Build your dream dock online at,

www.WaveArmor.com

Wave Armor Dock has a flagstone textured finish for low maintenance waterfront living

Foamed and steamed float core, air filled top deck allows the top dock to stay cool while the bottom has unmatched durability, 10 year warranty.

drawing created online with their dock builder

Suction pockets allow Wave Armor dock to suck down to the water creating unmatched stability.

Wave Armor's SLX Personal Watercraft Docks

Wave Armor's SLX is the original completely customizable PWC docking system

12'8" long (accommodates the biggest PWC's). 12 rollers with 32 pockets for adjustment (fits any machine) 5' or 6' wide. 6' when you want more walk around room to install a cover or perform maintenance. Moors with preformed holes in the float body.

Adjustable Side Rollers.

Move them around to create the perfect fit for your PWC.

Extra Mooring Holes for Rough Water.

Use additional pier pipe for a more secure installation.

12 Rollers standard, protecting even the biggest PWC.

Bushing Kit \$85

For 2" pipe (set of 2 per kit)
Reduces the size of the hole in the float body.

Filler Cap Kit \$72 (2 per kit)
Fills unwanted mooring hole.

Open entrance below the water.
Smooth "no bump"
Loading, protecting your hull.

Moors with pier pipes into preformed holes in the float body. *No extra attachments required.*

Entry rollers with open V design for easy loading.
The biggest heaviest machines load and unload with ease.

SLX-5 12'8" long, 5' wide, 1500 lb. capacity, weighs 286 lbs. **\$2100**

One benefit of the 5' wide SLX is that you can moor two in the common 10' wide dock well at many marinas.

SLX-6 12'8" long, 6' wide, 2000 lb. capacity, weighs 321 lbs. **\$2199**

The 6' wide PWC float has an extra 6" space on each side. More walk around room than the 5'

All Wave Armor Jet Ski Docks are Foam Filled and Virtually Indestructible 8 Year Warranty

Sport Port For Smaller PWC's **\$1725**

11' Long, 4' 10" Wide, Specifically designed for smaller skis.

Specifically designed for the modern smaller machines like the Sea-Doo Spark, & Yamaha EX series, and Stand Up models. Only 900 lb. Capacity, Sport Port weighs 180 lbs. 700 lb. machine with 200 lb. person tops out the capacity. Not enough floatation for the regular machines or bigger riders with smaller machines.

Wave Armor SLX & Sport Port Mooring Kits

2" Square Pipe Sleeve \$85

Fills the entire square area, leaves a 2 1/2" hole for 2" OD pipe. *Will not work on Apex sport ports.*

SLX Filler Caps \$72

Fills mounting hole so you have a seamless walking surface.

Floating Dock Attach Kit \$340

Knuckle mounts to SLX, galvanized C channel mounts to floating dock.

2" Z Bracket Kit \$215

Z brackets only, still requires pipe sleeves and pier pipe.

2" Round Pipe Sleeve Kit \$85

Designed specifically for the Sport Port. Sport will not accept square bushings.

SLX Post Extension \$265

Moves the pipe mounting hole to the outside of the port.

Stainless Mooring Chain w/ Clip \$40

Secures your PWC to the SLX

Anchor Shock for SLX \$25

Secures to the D Ring on the bow stop, adds shock protection to your ski while keeping it securely in place on the SLX.

Port to Port Kit \$250

Connects two SLX's or Apex Ports together. Will not work with sport port.

Wave Armor's Otter Island Swim Raft

This summer, escape to an Otter Island Swim Raft! The swim raft is the perfect summer-long vacation for the kids, grandkids or adults! This deluxe polyethylene swim raft includes ideal features such as backrests, a pop-up table and a pontoon style bottom for ultimate stability!

Foam Filled-Virtually Indestructible. 8' x 10', 3000 lb. capacity, weighs 300 lbs. **3 year warranty \$2195**

- Fold Down Lounges & Table-when you want a smooth flat deck.
- Storage Under Seat Backs-keep a sponge or brush for cleaning.
- 3 Step Aluminum Flip Up Ladder-even heavy swimmers can board easily.
- Rounded Corners & Non Slip Surface-safe for the youngest swimmers.
- Molded in Eyelets - for anchoring or pulling in or out of the lake.

Yellow or Tan Float Base; Blue or Green Table & Lounge Backs

Floats 18" off the water; **Boaters can see it!**

Three step ladder accommodates swimmers up to 350 lbs. Table and lounges fold flat when you want a big play area.

Double Mooring Kit \$109

Included with all new Wave Armor swim rafts (Otter Island & Oasis raft)

Modern ski boats throw 3' wakes. The clevis kit spreads stress between the mooring eyes. The bungees help absorb shock. Utilizes all four mounting points on the underside of the Wave Armor swim rafts.

Island Cover \$162

Made from 600 Denier Fabric. That is UV and water resistant. Protects your raft when not in use.

Swim Raft Anchor \$120

Rotationally molded plastic anchor has a smooth top to protect feet, underside has claws to grip the lake bed. Fill with sand to create a 140 lb. anchor. Has eyelet on top for connecting rope or chain. 10" tall, 26" wide, Eye bolt for anchoring, Plastic screw-on fill cap.

The underside grips the bottom.

Seat Cushions \$255

Seat covers slide over Otter Island seat backs for superior comfort. Made from 100% Olefin Material (quick drying, stain and UV resistant)

Wave Armor's Oasis Swim Raft

\$1650

Available in Tan or Yellow
90"w x105"l x12"h

The Oasis Swim Raft by Wave Armor, A simple swim float that the kids can climb and jump off of. Also great at keeping boaters away from the swim area, keeping everyone safe. Same foam filled design of the Otter Island with out the seat backs and table, designed to last a lifetime. Sits lower in water, only 12" tall. Same rugged construction that made the Otter Island such an iconic swim raft.

***Mooring Kit Standard**

Folding Aluminum Ladder is Standard on all Wave Armor swim rafts

PRO SERIES JET SKI DOCKS for the largest PWC's

The all new PRO series Jet Ski Docks take the industry leading Wave Armor drive on jet ski docks to the next level. The newest design includes wide body red wheels to support any ski, and 4 softer blue bumper rollers for the entry to protect your jet ski from accidental damage. Uses the new PRO series mooring kits for even more mounting options.

PRO Series Jet Ski Docks by Wave Armor

Pro-6 \$2399

The Wave Armor Pro-6 is an improvement on the popular SLX design. It is 2" shorter at 12'6" long, still 6' wide, with a 1800 lb. capacity compared with the 2000 lb. capacity of the SLX. Designed to work with the new PRO series connection kits (**SLX mounting kits will not work on these**) has eight 2½" wide red main body rollers, and four 3½" softer blue rollers that act as bumpers when driving your ski on to the dock, protecting your gel coat. Comes standard with a stainless steel chain and clip for securing your PWC.

Pro-5 \$2299

Same as the PRO-6 dock except 4'10" wide. Allows you to fit two units side by side in a 10' Wide dock slip. 12'6" long, 4'10" wide, 1500 lb. capacity.

PRO Wide Body \$2499

Pro wide body port is the same proven design of the PRO-5&6, it is designed to get you a little additional walk around room. 6'8" wide 12'6" long, 2000 lb. capacity

PRO MAXX Series Jet Ski Docks by Wave Armor

PRO Max 6 \$2599

For large-heavy performance skis or small boats 6' wide, 14' long, 2100 lb. capacity. Has 10 larger body rollers up front, 4 softer rollers in entrance that act as bumpers, and padded bow stop.

Must use PRO kits not SLX kits.

PRO Max 5 \$2499

4'10" wide, 14' long, 1700 lb. capacity. Has 10 larger body rollers up front, 4 softer rollers in the entrance that act as bumpers, also includes a padded bow stop.

ProTect'R Canopy System for PRO PWC Ports

Protection from the elements is here. The ProTect'R canopy system is designed to keep your pwc's protected from the elements. Made with four adjustable aluminum struts mounted to four mounting brackets. Rugged rotationally molded trusses and topped with a UV resistant marine grade canvas to fend off sun, rain, and debris. Middle zippers allow for easy entry.

ProTect'R for two PRO-5's \$5,500

13' long, 10' wide SKU 302631

ProTect'R for two PRO Maxx 5's \$6,000

15' long, 10' wide SKU 302661

PRO-Inline Dock \$5199

Pro Inline port is perfect for rental operators or those with multiple PWC's and narrow lake fronts. Comes standard with three sections but can be expanded with extra mid sections.

27' long, 4'10" wide

***Extra Mid-Section \$1999**

Adds 10'6" to the length

Dock Bench is 37" tall, 27" deep. High strength roto-molded plastic, virtually indestructible.

Bench Attachment Kit \$265

Attaches 5' Bench off the side of Wave Armor Dock.

“Drive-on Drive-off” BOAT DOCKS

Extreme Series Floating Boat Dock by Wave Armor

The Extreme Boat Port is a self-leveling floating port distributes the vessel weight over the full span. Features adjustable bunks and a shock absorbing roller system to provide unmatched docking performance. Additional loading support is provided by the entrance rollers to ensure comfortable docking. With a highly customizable bunk design, this boat port accommodates a wide range of boats from 16’ to 32’ long and up to 10,000 lbs. of weight capacity. More buoyancy may be added, up to 1200 lbs., to support heavier motors. Comes standard with an in-line roller bunk in the rear to match up with any keel design and keep your motor out of the water when tilted up. 8 year manufacturers warranty.

X16 2-Piece System (10’ Wide, 16’ Long) \$8,850

X24 3-Piece System (10’ Wide, 24’ Long) \$12,250

X32 4-Piece System (10’ Wide, 32’ Long) \$16,200

Power Launch System for Extreme \$3,500

Available Attachment Kits for Extreme Boat Port

Side Post Attach Kit

\$390
2” pipe 301859
3” pipe 301945

Kit allows Extreme to be free floating. Recommended two kits per unit.

Wave Dock Attach

Kit allows Extreme to be mounted to Wave Armor dock. Allows port to flex when boat drives on and off.

Floating Dock Attach

Kit allows Extreme to be mounted to other floating docks. Allows port to flex when boat drives on and off.

Front Post Attach

Kit allows Extreme to be free floating. Recommended to use one side post kit as well, or adjustable fixed dock kit.

Adjustable Fixed Dock Kit

Attaches to fixed dock and clamps the top of pipes used with front post attachment kit. Adding strength to the front mount pipe.

PRO Pontoon Port \$11,500

Wave Armor pioneered the first drive-on floating Pontoon port! Designed to accommodate pontoons and tritoons up to 26 feet in length. Patent-pending design keeps your entire pontoon completely out of the water.

- Heavy-duty, flared entrance with self-centering guides ensures a seamless transition from the water to rollers during loading.
- Enjoy adaptability with an adjustable Bow Stop.
- Bow-tie rollers, specially designed for the pontoon port, feature a robust center roller and two outer rollers for cushioning, protection, and precise alignment during loading and unloading.
- Strategically positioned axle pocket heights prevent drag.
- Crafted with an incredibly durable rotomolded shell, fully filled with marine-grade EPS foam, offering maintenance-free high-density polyethylene construction.
- Available Canopy system to keep your boat clean and dry when not in use.
- 4,800 lb. capacity, with the ability to increase capacity by adding option buoyancy boosters.

Available Attachment Kits

PMI Universal Dock Products

Heavy Duty Dock Bumper 30" \$29.95

High impact poly resin bumper. Fits over 2" pier pipe. Use these Heavy Duty (plastic) bumpers where boats may frequently come in contact with the dock. Hard plastic protects but won't damage your boat or rub rail. Lasts for years. **5 year warranty.**

Dock Bumper Wheel \$55

12" round x 6.5" tall. Fits over 2" pipe. Air filled for maximum protection for your boat. Rolls easily and floats. Makes docking a breeze by bumping and rolling you into the dock.

Colored Torpedo Dock Bumpers \$26.95 each

Available in Black, White, or Blue

Protect your boat with post bumpers. Colored PVC plastic air filled. Ours won't melt like foam bumpers or become brittle and crack like ordinary (*non-air filled*) bumpers. Bumpers have a bladder (like a football). The air inside cushions your boat from the dock, **3 year warranty.**

Aluminum Cleat \$27

10" Universal aluminum dock cleat from Wave Armor.

Stainless Steel Cleat \$15

316 Stainless steel, 5 3/4" long.

Wave Armor Universal Kayak Rack

Universal Rack \$485

Bolts to the side of stationary dock (wood or aluminum). Store up to two kayaks, Water Pads, or Paddle boards. Bungees hold kayaks on the rack. Bolts to the side of dock to keep walking surface clear. **Mounting hardware not included.*

Heavy Duty Composite Auger \$17.95

Heavy Duty composite plastic auger, fits 2" O.D. pipe with either .080" or 1.25" wall thickness. Impact resistant composite, far more resistant to breaking than cast aluminum.

24" Anchor Shock; Dock Shock (qty 1) \$28

Made in the USA 24" long, stretches to 40" (1 per kit) for easy mooring. Includes stainless carabiner, 1/2" marine grade anchor shock cord.

Heavy wall Aluminum Pier Pipe w/ cap

Heavy wall Aluminum pier pipe is drilled for turn bars on the top and augers on the bottom. Also capped on the top end to protect your hands. Available in 8', 10', 12' & 16' lengths.

8' long pipe \$55
10' long pipe \$65
12' long pipe \$75
16' long pipe \$110

5' Bungee Dock Line \$15.00 (2 per pack)

5' long, stretches up to 7', (2 per kit)
