

## Microtunneling Oversight, Trouble Shooting and Problem Remediation

Founded in 1992 we have over 50 years of collective experience with business partners around the world.

These are just a few of the areas we can help you increase your microtunneling success rate and maximize profit. We want to help you answer the questions:

*Can it be done? How can we do it? Who can do it?*

### ***Owners:***

- Feasibility of project
- Oversight and proactive problem resolution
- Cost saving design input
- Pipe selection

### ***Engineers:***

- Creative design solutions
- Risk assessment and mitigation
- Overall project review

### ***Contractors:***

- Estimating and eliminating hidden costs
- Bid assistance, review and analysis
- Shaft construction options
- Failed project assessment
