

Environmental Policy Statement

Edssco is committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and client while minimizing our potential impact on the environment. We will operate in compliance with all relevant environmental legislation and we will strive to use pollution prevention and environmental best practices in all we do.

Our Policy therefore, is to:

- Comply with all environmental legislation and directives;
- Integrate environmental concerns and the impact to the environment into our decision making process and activities;
- Minimize our waste and then reuse, recycle and divert as much of it as is possible;
- Minimize energy and water use within our buildings, processes and jobs in order to conserve supplies and minimize the consumption of natural resources;
- Where practical, purchase products and services that do the least damage to the environment;
- Train, educate and inform our employees and clients about environmental issues that may affect their work;
- Promote environmental awareness among our employees and clients. Encourage them to work in an environmentally responsible manner,
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it
- Where required by legislation or where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency response programs,
