| OFI 61H  | RED ANGUS (PB)     | 24/05/20 | DUA 420D                   | OFI 173C  | TTG 30F                    | This calf will be a balancer (angus x gelbvieh); lots of hybrid vigour and great genetics on both sides.                             |
| OFI 158H | BLACK ANGUS(PB)    | 29/05/20 | PDAR 576B Peak Dot pioneer | OFI 21F   | UF 14C Cudlobe New Design  | A Peak Dot sire with Cudlobe Angus as the service bull, lots of potential in this calf and his mom                                   |
| OFI 129H | BLACK ANGUS(PB)    | 17/03/20 | JVJ 130B Brookmore Upward  | OFI 3X    | UF 14C Cudlobe New Design  | The sire of this heifer comes with a YW EPD of 118! Cudlobe Bulls are built to grow fast but with excellent carcass characteristics. |
| OFI 146H | BLACK ANGUS(PB)    | 29/03/20 | JVJ 130B Brookmore Upward  | OFI 95C   | UF 14C Cudlobe New Design  | The mother of this heifer is one of my favourites. Plus, great genetics in the sire and grandsire.                                   |
| OFI 162H | BLACK ANGUS(PB)    | 25/5/20  | PDAR 576B Peak Dot pioneer | OFI 112D  | UF 14C Cudlobe New Design  | Another Peak Dot daughter bred to Cudlobe Bull   |
| OFI 106H | BLACK ANGUS(PB)    | 08/3/20  | PDAR 576B Peak Dot pioneer | OFI 46W   | UF 14C Cudlobe New Design  | Should probably be keeping this one.....   |
| OFI 135H | BLACK ANGUS(PB)    | 14/5/20  | UF 14C Cudlobe New Design  | OFI 30F   | PDAR 576B Peak Dot pioneer | A slightly different variation on the Peak Dot and Cudlobe theme   |
| OFI 148H | BLACK ANGUS(PB)    | 01/04/20 | JVJ 130B Brookmore Upward  | OFI 60A   | UF 14C Cudlobe New Design  | These Brookmore Daughters are solid, good looking heifers who will turn in to heavy producers as they grow into their final size     |
| OFI 112H | BLACK ANGUS(PB)    | 05/3/20  | JVJ 130B Brookmore Upward  | OFI 112E  | UF 14C Cudlobe New Design  | Another Brookmore daughter crossed to a Cudlobe Bull   |
