## July 2019 Newsletter

July 4 isn't just a day for fireworks, cookouts and pool parties. It's a day when we should pause to reflect on the forefathers and foremothers who risked so much to build this country—the land of the free. May we remember them, and may we honor those who are still fighting for our freedoms today. May we also recognize our shared humanity and all the things that make this big, diverse, beautiful nation so great. Our humanity lives in the DNA of what it means to be an American. On this Fourth, let's celebrate that.

## President's Message:

Brothers and Sisters,

Happy Birthday America! 243 years old, and counting. Think back to that time when people wanted to be free of England's control. They had ideas for new beginnings, a new country, a dream for the future. Farmers, trappers, shop keepers, explorers, and hunters all came together to fight for one cause. Freedom. Can you imagine their hardships? Leaving their families, homes, farms, lively hoods, with limited supplies of food, clothing, boots, tents, transportation, weapons, ammo, and warmth for the winter, lack of medical supplies and physicians. Plus no rapid communications with other units or home that we have today.

But with all these bleak hardships in mind they joined together united in one thought, one purpose, freedom for themselves, their families, friends, and neighbors. A free land for America. But, freedom is not free. It comes at a high cost, and not just financial. The high cost of human suffering to those fighting, and to their families. The loss of life, arms, legs, sight, hearing, and minds. Over all these years millions of men and women have fought to not only keep America free, but other countries around the world as well. From then, to today probably a million people have given their lives for freedom.

To all who have ever served, and those serving today; Thank you for serving. Thanks for all that you have done. Thanks to those who still try to make a difference today, even though you do not wear a uniform of our Country.

The following are my thoughts, and possibly some of yours. If I offend anyone, "SORRY ABOUT THAT". Most people living here in America look at this years 4th of July, as a four (4) day weekend. A time to party, at home , or on the water. A time to cook out, a time to drink, and to set off fireworks. I am writing this on June 20th, already people are setting off the fireworks on the ground and aerial exploding shells. Pretty certain most of these people have never been in the military, or ever will be. They do not think of, or care about the elderly residents around them that are fearful, have bad hearts, other illness, or diseases. They do not care about those who need to rise early to go to work. Nor do they care about the Veterans that are still suffering from PTSD, who still jump at the slightest sound, or movement. Where is PETA, ASPCA, and the Humane Society? After all dogs and other animals are worth more than humans.

I have mixed feelings for the 4th, for what it means, and for those who show respect for our FLAG, and our VET-ERANS, I am thankful, and hope that GOD will continue to bless America and you. But to those who take a knee, disrespect our FLAG, our Country, and say that our President should be killed, infringe on my rights of peace and quiet, really tick me off!

Please have a safe and Happy 4th of July.

### Building Fund

My thanks to the one (1) percent of our members who read my article last month, and donated \$100.00 to the building fund for our roof.

We did find out that at least a few of you read the news letter. Holly works hard on this, and except for Bob Parson and my article does it all on her own. So again, thank you for giving, and Holly a big THANK YOU to you.

I made a mistake asking the way I did though. Those who donated made their checks out to VVA 295. The checks should have been made out to Fort Harrison Veteran Center. We are in control of both accounts, but it keeps the record tracking easier this way, as we then must deposit the checks in VVA 295 account, and then write a check to the Fort Harrison Veteran Center. So if you have not donated yet, and plan to remember to make your check out to the Fort Harrison Veteran Center. Thank you. Larry

August Election

Attention VVA Members, we will be holding an election during our August Meeting to finish Wes Anderson's 2019-2020 term of office as Financial Secretary. Presently Jim Pierce is acting as Wes's assistant. To keep things above board we must have an election to fill this office.

The person elected must be able to keep accurate records of all accounts, able to use a computer, and be able to come to the building several times a month, to keep our bills current. You can have someone nominate you, or nominate yourself. see you at the meeting on August 8, 2019. Larry

Indiana

They said on the news that Indiana ranks 44th in the nation for patriotism. Wonder how they base that, as Indiana has the second most monuments to Veterans, behind D.C.. Or could it be that Indiana is way down on the list for how they provide Veterans Benefits, which should be called entitlements, as the Veterans earned them. Or could it be based on the sales of fire works. What ever it may be, we need to thank those serving today, and those who served in the past. Plus we need to thank their families, as they to served in their own way.

May GOD bless America, and you.

## Vice President's Corner

VVA Brothers & Sisters,

Hard to believe that it is already July, the month that we celebrate our nation's birthday. We, as veteran's, know that the 4th is about much more than 4th of July Sales and corner fireworks stores touting "Buy 1..get 5 Free !" . (Ever wonder what their actual cost on the first one is ?...must be pretty cheap !)

Later This month is the bi-annual VVA Convention in Spokane, WA. Our chapter will be sending several delegates, including VVA 295 President Shaw and myself to represent the membership. If you have areas of interest or concern or would like information on any VVA topic please let us know as we are there solely to represent the membership. A number of critical topics, not the least of which, is the future of our organization will be addressed. Let us know how you want us to represent you !

We still need ideas on ways to raise funds to pay for critical repairs needed for the building. (Individual donations, no matter what size, earmarked for the building fund would be most welcome as well.) Also, If you have any experience in writing grant proposals your input would be invaluable.

Many merchants offer veteran's discounts and/or make a special effort to employ veteran's. I just got a nice card from Lowe's who not only offer veteran discounts but employ over 20,000 veteran's. Home Depot, Chik-Filet, Ponderosa are also among many who honor our service with discounts. Thank them and let them know that we appreciate their commitment when you receive a veteran's discount.

Unfortunately, because some non-veterans and even non-citizens have abused their kindness and lied about their (lack of) military service in an attempt to receive discounts, many of these merchants , understandably, now require some sort of proof of service. (VA card etc.) It would be far easier for business to simply discontinue their gracious discounts but they don't....please thank them and let them know that you appreciate their kindness !

It's interesting that when many had the opportunity to serve and found many ways to avoid it , they now want to avail themselves of the benefits that we "earned". Many years ago, when I was in the automobile business, a very well known , wealthy, auto dealership owner (who will remain nameless here) was running for political office and military service would have looked very good on his "bio". He said to me, "Bob, sometimes I wish I had served" to which I replied " \_ \_ \_ \_ , you could have if you had really wanted to. As I recall, the line to get on the airplane wasn't all that long" ! Needless to say, my employment with this dealership ended soon thereafter....(and, poetic justice, he was soundly defeated in the election as well).....Oh well !

In all seriousness, I repeat, please let us know your thoughts pertaining to the VVA Convention and the future of the VVA so that we can full represent you in Spokane. Hope to see you all at the July VVA Chapter 295 meeting on the 10th.

Thank you for your service to our great nation,

**The Wall that Heals, Greenfield, Indiana, July 11-14, 2019**

We will be helping to sponsor this event and taking part in it. It should be a well attended program since the primary sponsor has TV ads running now on Channel 8 and they have planned a parade upon the Wall’s arrival to be led by the “Indiana Patriot Guard” motorcycle group.

To help ensure its success, we need many volunteers from our chapter to help out. Review the job options and time spots available online at <http://signup.com/go/wRzTDfz> or you may phone Nick directly at 317-462-5536. Those who sign up first get heir choice of time and jobs. A training class will be held on Wed, July 10 at the site below to explain specific duties. All volunteers will receive a t-shirt with sponsors listed.

We will be the only group permitted to setup a booth at the wall for signing up new members. Please consider helping with it as well.

**Peace Cross Stays**

The US Supreme Court delivered a major ruling allowing the use of religious symbols in American life Thursday. The court ruled that a World War I memorial in the shape of a 40-foot cross can remain on public land in Bladensburg, Maryland. The justices ruled seven to two in favor of the supporters of the Bladensburg cross, which has also been referred to as "the Peace Cross". The Supreme Court ruled the nearly 100-year-old cross, which stands on a highway median, doesn't violate the First Amendment's establishment clause.
