Terms for Florida Dental Convention Table Clinics:

Acceptance: All applicants for the scientific sessions are considered by the Florida Dental Convention (FDC). The Florida Dental Convention accepts those presentations that best relate to the improvement of public health and the science and art of dentistry.

- These presentations must be purely scientific and devoid of all commercialism.
- The Florida Dental Convention reserves the right to reject or cancel the appearance of any person or to reject the material submitted for distribution or exhibition at any time.

General Information: Each presenter will receive complimentary registration, a lunch voucher for the day of the presentation and a Certificate of Participation. Presenters of Table Clinics will not be reimbursed for any expenses. Presenters are responsible for providing their own audiovisual equipment. Table Clinics will be located at The Gaylord Palms Resort & Convention Center, Exhibit Level Rotunda. Table Clinics are presented on Friday only at the times listed above. Set-up will begin 30 minutes before each time slot. This program will consist of informal table top presentations which must be shown or demonstrated completely in 10 minutes or less, and repeated throughout the Table Clinic session. Visual aids may be developed and used to supplement the clinic. The table is 6' long and 2' wide. All components of the Table Clinic must fit on the table top. Florida Dental Convention attendees will view your Table Clinic presentation for CE credit.

Film/Video Projection: Daylight projection of filmed material is permissible, but sound devices may not be used unless accompanied by individual earphones.

Trade Names: Promotion of any product or service by trade name is absolutely prohibited. Drugs and products mentioned in the presentation generally should be identified by chemical formulas or by generic name. Trade names may be used for identification and clarification purposes only. Should use of trade names be advantageous to the attendees understanding of the presentation, the rationale should be submitted to the Florida Dental Convention sixty (60) days in advance of the clinic requesting approval.

Patient Demonstrations: Demonstrations involving procedures on patients or live models generally will not be permitted, unless given prior written approval by the Florida Dental Convention. Such demonstrations will only be allowed, if, in the opinion of the FDC after consultation with representatives of the appropriate committee, such demonstrations do not violate local law and would contribute significantly to the art and science of dentistry.

Advertising Sales: No advertising matter, commercial promotion, solicitation or sales of any type are permitted in any part of the scientific program, including Table Clinics.

Handout Material: A copy of all literature to be distributed must be submitted for approval no later than June 1, 2017. Arranging and paying for duplication of any handout material is the sole responsibility of the presenter. Prior to the FDC all handout material will be examined. Any material that did not receive prior approval will be removed.

Liability: The Florida Dental Convention nor the operator of the exhibit hall can assume liability for damage or loss to goods or property of an exhibitor, clinician or lecturer. Each clinician who signs and submits an application (which is accepted by the Florida Dental Convention) expressly releases and agrees to hold harmless the Florida Dental Convention, the proprietor and the operator of the hotel from any and all liability for the damage or loss to his or her goods or property.

Additional Information: Requests for additional information or clarification of regulations should be forwarded to the Florida Dental Convention prior to the Convention.

All primary and co-presenter must print their convention badge at the Registration Desk in the City Hall Lobby prior to their presentation.

Questions: Contact Brooke Martin at bmartin@floridadental.org or 850.350.7103
