Let Experience be Your Guide

RELIABILITY ENGINEER - NEWARK, CALIFORNIA

WEBCO HR, Inc. is seeking a Reliability Engineer for one of our clients located in Newark, California.

SUMMARY:

Want to build a stronger, more sustainable future and cultivate your career? Join the company's global team of 155,000 employees who are committed to safe, responsible and sustainable ways to nourish the world. This position is in the company's protein and salt business, where we provide wholesome, high-quality food products to a wide range of customers, from foodservice operators and grocery stores to manufacturers and exporters.

The Reliability Engineer will apply technical knowledge to deliver continuous improvement in process and asset reliability through the detection and elimination of defects. In this role, you will partner with the team to ensure the fulfillment of reliability engineering strategies.

RESPONSIBILITIES:

- Implement reliability excellence activities, identifying and prioritizing reliability engineering value creation opportunities.
- Execute the development, design and installation of predictive maintenance program and technology in alignment with the area procedures.
- Prepare technical reviews of projects and collaborate with related areas on new equipment reliability specifications.
- Perform the identification and elimination of bad actors and the optimization of equipment availability.
- Collaborate with, and provide guidance to, maintenance repairs and production in reliability related processes and the identification of critical spares.
- Independently solve moderately complex issues with minimal supervision, while escalating more complex issues to appropriate staff.
- Other duties as assigned.

REQUIREMENTS:

- Bachelor's degree in a related field or equivalent experience.
- Minimum of two years of related work experience

Preferred Qualifications:

- Solid knowledge in the application of reliability tools.
- Knowledge in maintenance process management.
- Project management experience.
- Experience creating complex tests and analysis.

- Predictive maintenance technologies experience

The company highly encourages vaccinations but does not mandate at this time. Upon hire, you will be asked to provide your vaccination status, and if unvaccinated or if you choose not to disclose, you would be expected to follow the company's safety protocols for unvaccinated employees (i.e., mask mandates, and social distancing).

COMPENSATION:

- Base Salary
- Full Benefits

THE COMPANY:

The company is a trusted salt supplier to a wide variety of industries; our portfolio includes food processing salts, sodium reduction solutions, salt for water softeners and swimming pools, bulk, and packaged ice melters, industrial salts, and salt for animal feeding. Working at the company is an opportunity to thrive – a place to develop your career to the fullest while engaging in meaningful work that makes a positive impact around the globe! We depend on creative, responsible, hardworking individuals like you to operate their business successfully!

WEBCO HR, Inc. is an Equal Opportunity Employer
