Dear Parishioners,

As we welcome in 2019 most people take time to reflect on areas of their lives they would like to make positive changes to. The positive changes can be something simple or something more complex. As we have our victories and struggles throughout this year I would like you to reflect on the following. The analogy is by Nino Rostomashvili. I did make several modifications to her analogy.

Life is like a camera...

Focus on God. He is with us through the ups and downs of life. With His guidance/help you will be able to grow stronger in each situation.

Capture the good times. Life is short! Remember to make those memories with your loved ones. Sometimes the simplest gestures are the most impactful.

Develop from the negatives. We are all human. We will make mistakes. Acknowledge your mistakes and learn from them.

Take another shot. If things do not work out keep trying. Sometimes that is hard to do. Life is about growth. Keep growing while you are taking another shot.

Lastly, enjoy your journey of life. We only have so many trips around the sun. There will be good days and days we would like to forget. But we have been blessed by God in so many ways.

In Christ,

Lisa Myers, Principal
