Evaluation: Entirety administers a standardized test to all students as required by the state of Florida. Additional standardized tests will be used to provide our teachers with a baseline of where each child is performing. The stated mandated testing fee is included in the enrollment fee. Each student is required to complete an admissions evaluation prior to enrolling at the cost of \$175.

Admissions: After submission of all of the above documents we will notify you by email or phone as to your child's enrollment status and schedule an evaluation appointment. If your child meets the admission requirements, but there are no spaces currently available in a class, you will be given an opportunity to keep your application active on our consideration list.

Enrollment: Upon agreement to partner together and before your child is officially enrolled, you will be given a letter of acceptance and a statement of tuition agreement. Upon a signed tuition agreement you will receive the EK12 enrollment packet to complete with all applicable school forms and lab fees.
