

UPDATE: WATER SKI SLALOM REJECTED BY BOARD

HOA Board Mtg: June 22, 2023

During the June Lake Ramsey HOA Board Meeting the proposal to install a Water Ski Slalom Course along the shoreline of Phase 5 was once again on the agenda. Board President, Bruce Sofge sent notice of this agenda item to residents via email on June 21, just one day before the meeting. It said,

"Slalom course. The BOD will be voting on a motion for a trial evaluation period from sometime after the Independence Day holiday thru the August 24 BOD meeting. There are several unknowns regarding a slalom course and its impacts. Thus the limited trial run. At this time, we will limit discussion to the pros and cons of having a trial only. If the trial is approved, then we can all comment on our observations of the impacts at the August meeting.

The homeowner who said he would sponsor it, pay for it, and install it, Roman Williams, was not in attendance, and although Board president, Bruce Sofge, tried diligently to convince all in attendance to grant at least a trial run, he could not even get his motion seconded.

Therefore, this proposal has been removed from consideration.

Your Lake Ramsey Neighbor,

Elizabeth Schallenberg
