

**GARDEN CLUB FEDERATION of PENNSYLVANIA DISTRICT I
63rd ANNUAL MEETING and LUNCHEON
ST. DAVIDS GOLF CLUB
Friday, September 7, 2018**

“The Butterfly Guy”- Rick Mikula, committed for the past 36 years on this subject, will display numerous framed photos of both butterfly and moth species found locally, as well as from around the world. *Moths?* Who knew a moth could be so large and so utterly breathtaking? Rick's power point program is not only beautiful to view, but informative from beginning to end. Educational facts including the butterfly's short life span (with the exception of the Monarch), amazing ways of keeping butterflies alive and well in the refrigerator, and the astounding migration habits of the Monarch traveling from Canada to Mexico! Rick will keep us laughing while demonstrating the uniquely efficient strength of the butterfly by using his homemade elements to convert himself into a butterfly. And we will most certainly enjoy his amazing finale!

9:00 – 10:00 am Registration (coffee included)

10:00 am Annual Meeting

11:30 am Social time

Noon Lunch

1:00 pm Program

2:00 pm Raffle
