

Groovv POS Flex

The versatile solution for businesses on the move.

With a folding swivel stand and detachable components, Groovv POS Flex provides a fully mobile solution to manage payments, grow your sales and optimize your business — all without significant training or expense.

Groovv POS Flex is ideal if you:

- Have limited or changing counter space
- Prefer to design your own setup
- Engage customers with at-the-table orders and payments
- Have a food truck or travel to customers

Learn How Groovv POS Will Help You Meet Your Business Goals

Easy-to-Use System

Touchscreen tablet and intuitive software requires little training.

Tailored Setup & Support

Get free inventory loading and ongoing support for peace of mind.

Easy Inventory Management

Organize items for sale with custom categories, modifiers and alerts.

Business Intelligence Reporting

Track sales and profitability trends by product to make better decisions.

Cutting-Edge, Integrated Marketing

Push offers when customers are near through geo-fenced beacons.

Sell Smart.

Groovv POS Flex

Your Flexible & Affordable POS Solution

Accept All Payment Types

Accept EMV chip cards, magstripe cards, and NFC payments like Samsung Pay, Apple Pay and other digital wallets.

Inventory Management

Organize your inventory with three hierarchy levels and modifiers, track sales to know what's selling, and get alerts when items run low.

Powerful Back Office

Manage single and multiple locations, track employee time, view sales history, discover sales trends and identify the most profitable products.

Integrated Marketing

Set up customer loyalty programs, send out special offers, and utilize geolocation and beacon-based push notifications when customers are near.

Tipping, Split Billing & Tax Settings

Manage tax settings, as well as requests for split tickets and tipping – crucial for restaurants and service-related businesses.

Select Add-Ons to Complete Your Solution

You can email receipts or add a WiFi-enabled receipt printer-cash drawer combo. You can also add a barcode scanner and sturdy kitchen printer.

Get Started with Tailored Setup & Support

Groov's support team is here to ensure your success. We'll set up your inventory and provide ongoing support to make sure you get the most from your solution.
